

# Software User Manual

# Important Safety Information

## PLEASE READ CAREFULLY BEFORE INSTALLING PRODUCT IN VEHICLE

	This is the safety alert symbol. It is used to alert you to potential personal injury hazards. Obey all safety messages that follow this symbol to avoid possible injury or death.
	WARNING indicates a potentially hazardous situation which, if not avoided, could result in death or serious injury.
	CAUTION indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injury.
	CAUTION used without the safety alert symbol indicates a potentially hazardous situation which, if not avoided, may result in property damage.

Removing original equipment, adding accessories or modifying your vehicle could affect the vehicle's safety or make it illegal to operate in some jurisdictions.

Follow all product instructions and all instructions in your vehicle owner's manual regarding accessories or modifications.

Consult your country's and/or state's laws regarding operation of a vehicle with any accessories or modifications.

It is your sole responsibility to place, secure and use your Navman in a manner that will not cause accidents, personal injury or property damage. Always observe safe driving practices.

Do not mount your Navman or attach the antenna in a way that may interfere with the safe operation of the vehicle, the deployment of air bags or other safety equipment.

Do not operate your Navman while driving.

Before you use your Navman for the first time, familiarize yourself with your device and its operation.

On main roads, the distance to an exit calculated by your Navman may be further than the distance shown on road signs. Road signs show the distance to the start of an exit while your Navman shows the distance to the next intersection, i.e., the end of the exit ramp or road. To prepare to exit a road, always follow distance information on road signs.

The use of information regarding safety or speed camera locations may be subject to local laws in the country of use. You are responsible for checking that you can legally use the information in your country or in the country where the information will be used.

Do not handle the Navman while it is hot. Let the product cool, out of direct sunlight.

At full power, prolonged listening to the Navman via headphones or earphones can damage the ear of the user.

Do not expose the Navman to direct sunlight in an unattended vehicle for prolonged periods. Overheating may damage the unit.

**To discourage theft, do not leave the Navman, mounting bracket or any cables in plain view in an unattended vehicle.**

### Warning Notice to Drivers in the United States

State law may prohibit drivers in states such as Arizona, California and Minnesota from mounting objects on their windscreens while driving. Please make sure you research and follow your most current State laws. An alternative mounting option is provided in the box with your product; also, stores offer additional mounting alternatives. Navman does not take any responsibility for any fines, penalties, or damages that may be incurred as a result of disregarding this notice.

**Failure to adhere to these warnings and cautions may lead to death, serious injury or property damage. Navman disclaims all liability for installation or use of the Navman that causes or contributes to death, injury or property damage or that violates any law.**

# Welcome

---

Thank you for purchasing this Navman. This manual has been prepared to guide you through the operation of your Navman from first set-up through to continuous use. Please read this manual carefully before using your Navman for the first time. Keep this manual in a safe place and use as your first point of reference.

## Important information for using the manual

It is important to understand the terms and typographical conventions used in this manual.

### Formatting

The following kinds of formatting in the text identify special information:

Convention	Type of Information
<b>Bold</b>	Navman components or items displayed on screen, including buttons, headings, field names and options.
<i>Italics</i>	Indicates the name of a screen.

### Icons

The following icons are used throughout this manual:

Icon	Description
	Note
	Tip
	Warning

### Terms

The following terms are used throughout this manual to describe user actions.

Term	Description
Tap	Press and release an item displayed on the touch screen.
Tap and hold	Tap and hold an item displayed on the touch screen for 2-3 seconds.
Select	Tap an item in a list or tap a command from a menu.

# How do I use the touch screen?

---

Your Navman touch screen options change dynamically:

- To see all options on a menu, drag the screen up or down.
- To display the next screen, tap an icon or select an option.
- To dock a menu to the left, tap the left edge of the menu. To dock a menu to the right, tap the right edge of the menu.

## Button scrolling (Tap Touch)

- Tap  or  to scroll on a menu.
- To dock a menu, tap .
- To undock a menu, tap .
- Tap  to scroll through the *Main Menu* screen.

## List Scrolling options

You can choose between **Slide Touch™** scrolling and **Button** scrolling for navigating through menus:

1.  → 
2. Tap **List Scrolling** to change your scrolling method.

For more information, see "List scrolling" on page 79.

# How do I get started?

**i** **Important:** The first time you use your Navman, it may take several minutes to establish a GPS connection. For the fastest GPS connection, ensure that your Navman has a clear view of the sky. For more information about GPS, refer to the *Hardware User Manual*.

## How do I turn my Navman on for the first time?

To get started for the first time, complete the following steps:

1. **Read the Important Safety Information** see "Important Safety Information" on page 2.
2. **Position your Navman in your vehicle.**  
Follow the instructions in the *Hardware User Manual*.

**CAUTION** Ensure that your Navman does not obstruct the driver's view, or interfere with the operation of the vehicle airbags and safety devices.

3. **Turn your Navman on**

Your Navman will turn on and display the *Language* screen.

4. **Select your preferred language**

From the *Select Language* screen, tap your preferred language.

- You can change your preferred language while using your Navman, see "Language" on page 76.

5. **Read the warning message**

- a) The *Safety Agreement* screen will display after you have selected your preferred language. Read the *Safety Agreement* message.
- b) To confirm that you have read and understood the message, tap **Accept**. The *Tutorial* will display.

6. **View the Tutorial**

- To skip the Tutorial screens, tap **Skip**.
- To move forward through the Tutorial screens, tap **Next**.  
To view the previous screen, tap .

**i** To prevent the *Tutorial* from displaying on each start-up, tap the **Show on start-up** option to deselect it.  
When you have finished the *Tutorial*, the *Main Menu* screen will display.

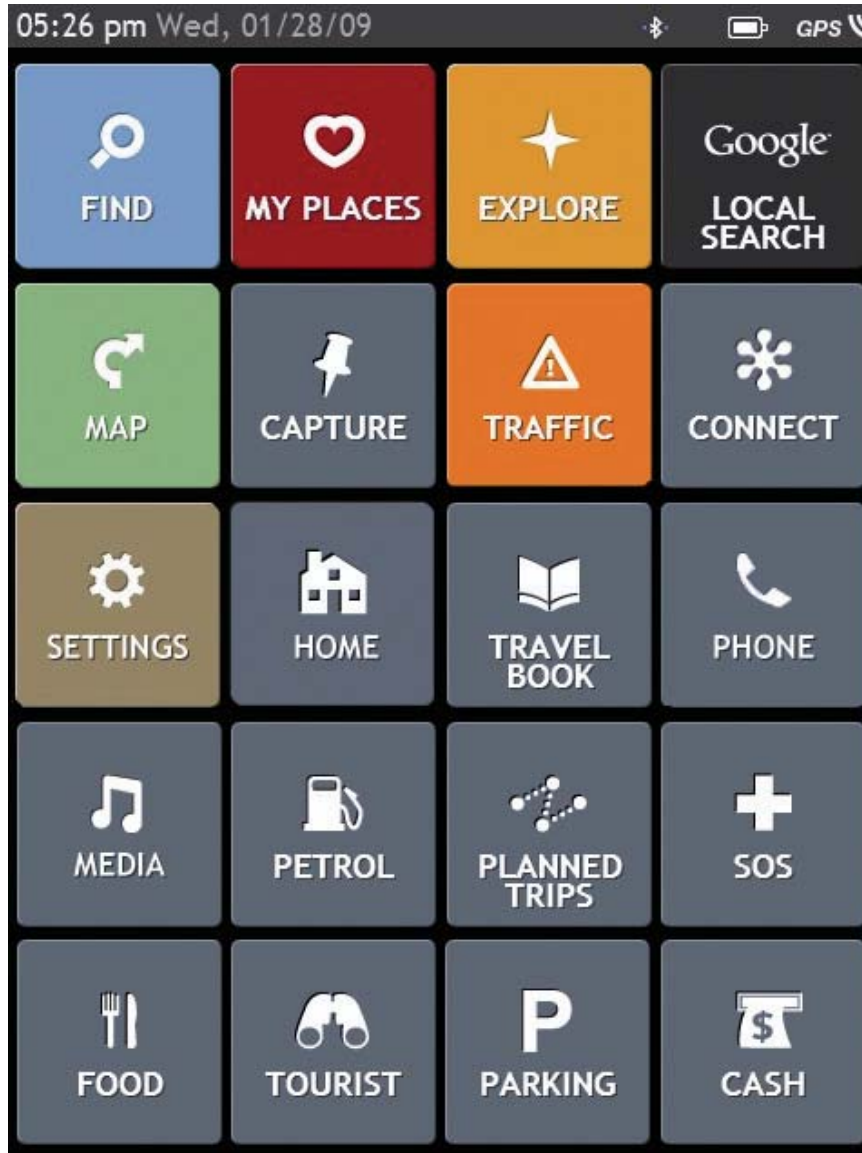

# Main Menu screen

---

The *Main Menu* screen is your starting point for searching for a destination. The *Main Menu* screen also allows you to customize your Navman, receive updated traffic information and make and receive phone calls.

- To display the *Main Menu* screen, press .

 Drag the screen up and down or tap  to see *Main Menu* screen options.

 *Main Menu* screen options and the order of the options may differ from the above, depending on your region, maps installed or model of Navman.

	Search for places, areas and streets to help plan your route.		Access your saved locations, journeys, <b>NavPix</b> , etc.
	Explore the area around your current position or destination.		Search online for live POI information using Google search
	Displays the <i>Map</i> screen. Undock the menu to enter an address to navigate to.		Capture GPS co-ordinates of a location, capture a location with a voice recording or capture a journey and it so you can navigate back at a later time
	Receive live traffic information on your route and set traffic preferences.		Search online for live POI information using Google™ Local Search and TrueLocal.com.au
	Configure your Navman to enhance your navigation experience.		Navigate to your home address.
	Search for information and POIs for the city you are visiting using Travel Book.		Use your Navman as a hands-free car kit.
	Play stored audio and video files installed on your Navman or on a memory card.		Search for the nearest petrol stations.
	Add or begin a planned trip with multiple waypoints		Search for the nearest emergency services, including hospitals and police.
	Search for the nearest restaurants, cafes, fast-food premises and other dining establishments.		Search for the nearest tourist attractions.
	Search for the nearest parking places.		Search for the nearest banks and ATMs.

# How do I go from A-B?

---

Your Navman is equipped with maps that provide street-level detail for accurate navigation, including Points of Interest such as accommodation, parking areas, petrol stations, railway stations and airports.

When you ...	Then ...
need to search for an address	use the <b>FIND</b> address wizard to search for the address.
need to find a named site, feature, landmark or public venue	use the <b>FIND</b> by keyword option to search for a Point of Interest.
want to navigate to a <b>NavPix</b> <sup>™</sup> location	use the <b>My Places</b> screen to navigate to a <b>NavPix</b> .

**WARNING** For your safety, enter destination information before you start a journey. Do not enter a destination while driving.

## What if I miss a turn?

### Back-On-Track<sup>™</sup> Automatic Rerouting

You will be redirected if you make a wrong turn. A message informing you that your route is being re-calculated will display at the top of the screen.

To cancel a route re-calculation, tap **x**. A warning will display asking you to confirm the cancellation. If confirmed, both the re-calculation and your current route will be cancelled.

# Using the Keyboard screen

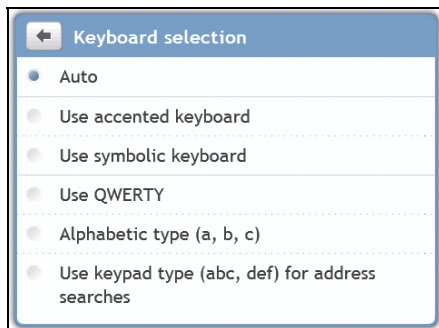

The *Keyboard* screen will display when you are required to enter text, such as when searching for a street name. Search results will be listed in matching order, with the closest matches appearing on the screen. A maximum of 99 results will display.

The *Keyboard* screen can display with various layouts depending on the information you need to enter, including alphabet, number, alternate characters and combinations of these.

- To select a character, tap the character.  
To enter upper case letters, tap .
- To delete a character, tap .
- Tap and hold  to delete the entire text.
- To display more characters, tap  to select an alternate keyboard screen.

## How can I set my keyboard preference?

1. From the *Keyboard* screen, tap .  
The *Keyboard* preference screen will display.

2. Complete the following:

If you want to ...	Then ...
use an accented keyboard for entering special character	select the <b>Use accented keyboard</b> option.
use a symbolic keyboard for entering symbols	select the <b>Use symbolic keyboard</b> option.
use a QWERTY keyboard for entering information	select the <b>Use QWERTY</b> option.
use an alphabetic keyboard for entering information	select the <b>Use alphabetic type (a, b, c...)</b> option.
use a keypad-type keyboard (predictive text) when searching for an address	select the <b>Use keypad type (abc, def...) for address searches</b> option.

## How does predictive text (abc, def...) work?

Predictive text allows addresses to be searched by a single key-press for each letter, as opposed to the multiple key-presses. As you enter a letter of an address, your Navman will compare all possible combinations against the maps you have installed and determine which address you intended to type.

For example:

To enter **London**, tap **JKL MNO MNO DEF**.

Your Navman will compare all possible combinations and display **London** in the list of search results. You can add further letters to narrow the search.

## Keyboard tips for faster search results

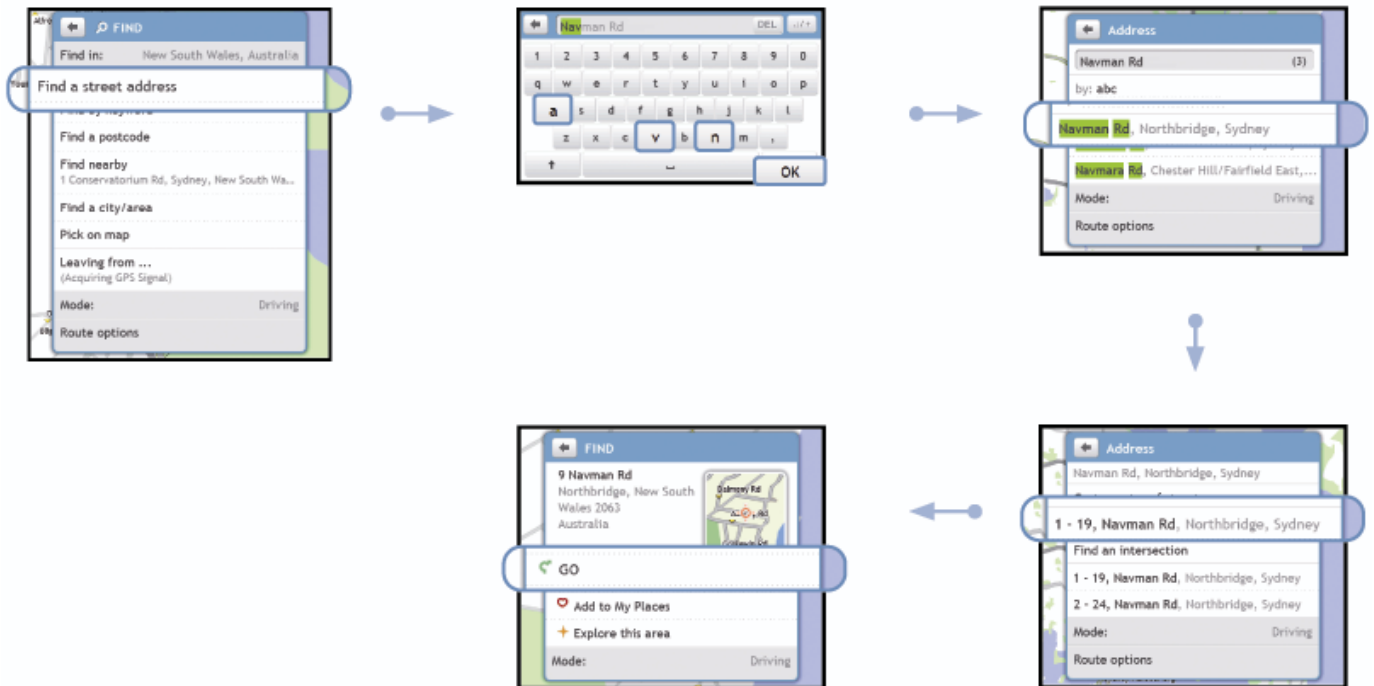

- Use , (comma) to separate a street from a place.
- Use the space bar on the keyboard to separate words. You do not need to type the whole word. For example, to search for Niagra Falls, type **NI FA**. Niagra Falls will display in the search results. Type more letters to narrow the search.
- If you enter a numeral, search results containing the numeral and word will be returned. For example, if you search for **2**, you will receive search results containing **2**, **22**, **ii**, **two** or **second**. Results are arranged primarily in alphabetical order but with closer matches being near the top of the list.

# How do I plan my first trip?

Using your Navman to plan your first trip is easy. There are several ways to select your destination. Complete the following to navigate to a street address that you know using the **FIND** address wizard.

 The below address is fictitious and used as an example only.

**9 Navman Rd  
Northbridge  
New South Wales 2063  
Australia**

Complete the following:

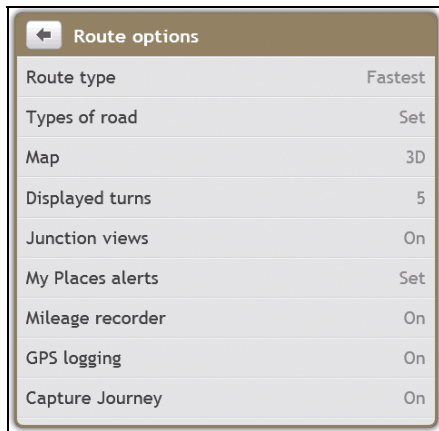

If you want to ...	Then ...
calculate the route, open the <i>Map</i> screen and start navigating	<ul style="list-style-type: none"> <li>tap <b>GO</b>. The <i>Map</i> screen will display.</li> </ul>
save the location as Home	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as Home</b>.</li> </ul>
save the location	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as My Place</b>.</li> </ul>
explore the area near the location	<ul style="list-style-type: none"> <li>tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li> <li>tap the docked menu to view a list of POIs near the location.</li> </ul>

## How do I set my route preferences?

You can enhance your navigation experience by modifying aspects of your route and route calculations.

1. Tap **Route options**.  
The *Other options* screen will display.

2. Complete the following:

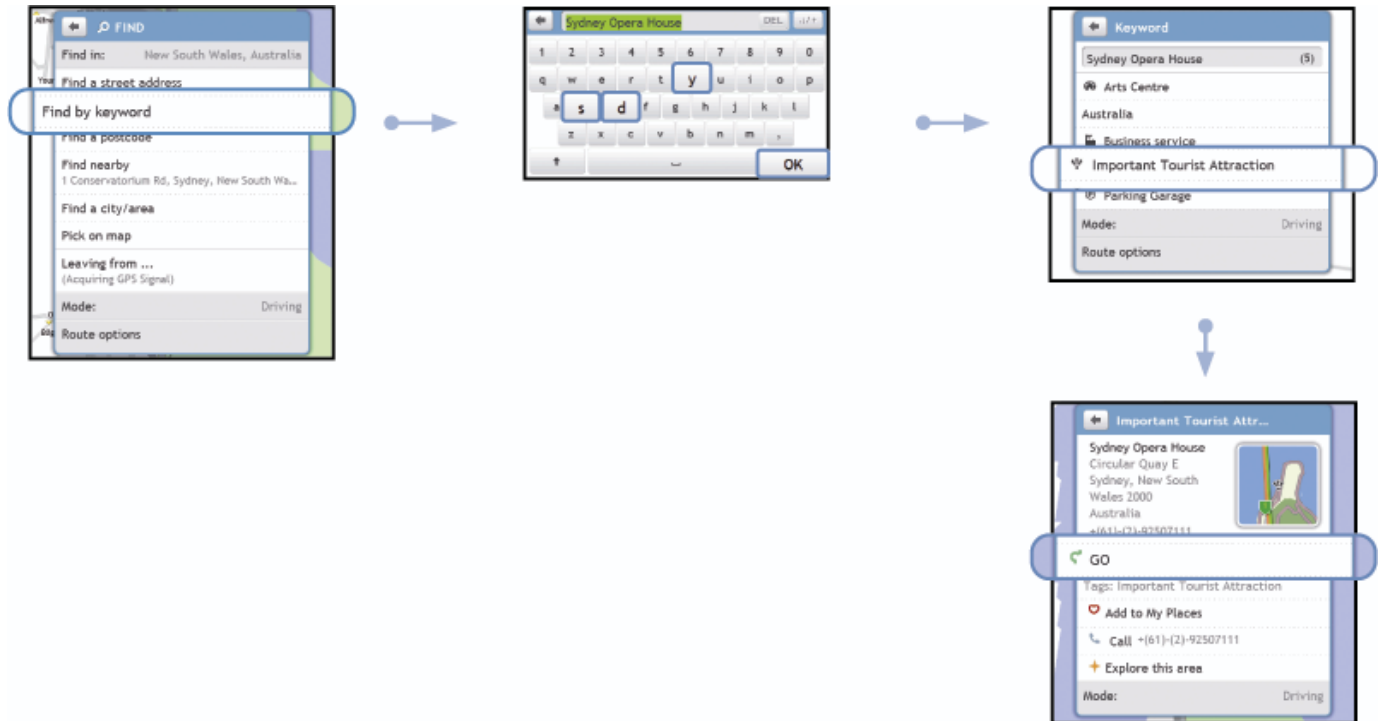

If you want to ...	Then ...
set route type options for your route	<ul style="list-style-type: none"> <li>▪ tap <b>Route type</b>. The <i>Route type</i> screen will display.</li> <li>▪ select your route type preference form the list</li> </ul> <p><b>Economical</b> - The route with least number of stops, turns and urban areas which should save on fuel usage</p> <p><b>Easiest</b> - The simplest route with the least number of turns and favours motorways where appropriate</p> <p><b>Fastest</b> - The route that should be the fastest when navigating</p> <p><b>Shortest</b> - The route with the shortest physical length</p> <p> Selecting <b>Shortest</b> route type over <b>Fastest</b> route type can cause a much longer journey time.</p>
set types of road options for your route	<ul style="list-style-type: none"> <li>▪ tap <b>Types of road</b>. The <i>Types of road</i> screen will display.</li> <li>▪ select your road preference form the list</li> </ul> <p> Avoiding ferry routes may prevent you from navigating between certain countries, even when a bridge or tunnel exists.</p>
set your map screen preference	tap the <b>Map</b> option to select between a 3D or 2D view of the <i>Map</i> screen.
set the number of turns displayed on your turn list	<ul style="list-style-type: none"> <li>▪ tap <b>Displayed turns</b>. The <i>Displayed turns</i> screen will display.</li> <li>▪ select your turn preference form the list</li> </ul>
set My Places alerts	<ul style="list-style-type: none"> <li>▪ tap <b>My Places alerts</b>. The <i>My Places alerts</i> screen will display.</li> <li>▪ select and set your alert options list</li> </ul>
display Junction views on your route	tap the <b>Junction views</b> option to turn it <b>On</b> or <b>Off</b> .   This feature is not available on all models.
record mileage for your route to generate expense reports	tap the <b>Mileage recorder</b> option to turn it <b>On</b> or <b>Off</b> .

If you want to ...	Then ...
record a GPS log of your trip	tap the <b>GPS logging</b> option to turn it <b>On</b> or <b>Off</b> .
record your journey	tap the <b>Capture Journey</b> option to turn it <b>On</b> or <b>Off</b> .  This feature is not available on all models.

## How do I search for a Point of Interest (POI)?

A POI is a named site, feature, landmark or public venue which can be displayed as an icon on the map. POIs are grouped by category, such as petrol stations, parks, beaches and museums.

### Sydney Opera House Sydney

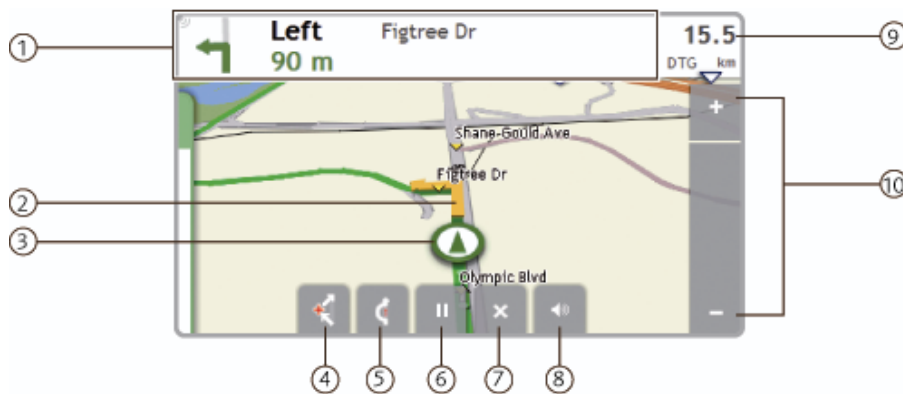

Complete the following:

If you want to ...	Then ...
calculate the route, open the <i>Map</i> screen and start navigating	<ul style="list-style-type: none"> <li>tap <b>GO</b>. The <i>Map</i> screen will display.</li> </ul>
save the location as Home	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as Home</b>.</li> </ul>
save the location	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as My Place</b>.</li> </ul>
place a phone call to the POI	<ul style="list-style-type: none"> <li>tap <b>Call</b>.</li> </ul> <p> This feature is not available on all models.</p>
explore the area near the location	<ul style="list-style-type: none"> <li>tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li> <li>tap the docked menu to view a list of POIs near the location.</li> </ul>

# How do I view my route?

When a route has been calculated, the *Map* screen will display. You will be directed to your destination by spoken and visual instructions.

	Item	Description
①	<b>Direction and distance of next turn</b>	The direction and distance to your next turn <ul style="list-style-type: none"> <li>Tap  to repeat the vocal instruction.</li> </ul>
②	<b>Next turn and current route</b>	Your next turn and current route are highlighted.
③	<b>Current position</b>	<ul style="list-style-type: none"> <li>In <b>Driving</b> mode, your current position is marked with .</li> <li>In <b>Walking</b> mode, your current position is marked with .</li> </ul>
④	<b>Add waypoint to trip</b>	Adds a location as a waypoint on your trip. <ul style="list-style-type: none"> <li>Tap  to remove the waypoint from your trip.</li> </ul>
⑤	<b>Detour</b>	Detours your route to avoid next 1, 2, 5, 10 or 20 kilometres/miles
⑥	<b>Pause route</b>	Pauses your current route. <ul style="list-style-type: none"> <li>Tap  to unpause your current route.</li> </ul>
⑦	<b>Cancel route</b>	Cancels your current route.
⑧	<b>Volume</b>	Mutes or unmutes the volume.
⑨	<b>Distance and Time Information</b>	Tap to expand and select the following options: <ul style="list-style-type: none"> <li>Time</li> <li>km/h or mph (speed) and heading</li> <li>TTG (Time to Go)</li> <li>DTG (Distance to Go)</li> <li>ETA (Estimated Time of Arrival).</li> </ul>
⑩	 	To zoom in or out, tap and hold  or  .

# How do I use the Explore map?

The *Explore* map allows you to explore the local area to find Points of Interest (POIs) or navigate to an address. If you do not have a GPS fix, the map will display your last known position.

- Tap and drag the map to explore the local area.
- Tap the map to display a POI Burst showing POIs in the surrounding area. Tap a POI icon to show more information and navigate to the POI.

1.  →   
The *Explore* screen will display.
2. Dock the menu.  
The *Explore* map screen will display.

	Item	Description
①		To zoom in or out, tap and hold  or  .
②		Indicates the direction of your current position. <ul style="list-style-type: none"> <li>▪ Tap to return the map to your current position.</li> </ul>
③	<b>POI Burst</b>	To display a POI Burst, tap an area on the <i>Explore</i> map. <ul style="list-style-type: none"> <li>▪ Tap an icon or street name in the POI Burst to view information and options.</li> </ul>

## How do I find a POI using the POI Burst?

- 

The *Explore* screen will display.
- Dock the menu.  
The *Explore* map screen will display.

- Complete the following:

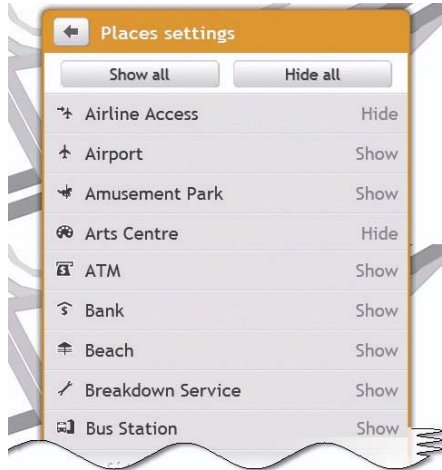

If you want to ...	Then ...
calculate the route, open the <i>Map</i> screen and start navigating	<ul style="list-style-type: none"> <li>tap <b>GO</b>. The <i>Map</i> screen will display.</li> </ul>
save the location as Home	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as Home</b>.</li> </ul>
save the location	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as My Place</b>.</li> </ul>
place a phone call to the POI	<ul style="list-style-type: none"> <li>tap <b>Call</b>.</li> </ul> <p> This feature is not available on all models.</p>

# How do I set my POI preferences?

Points of Interest (POIs) are grouped into categories. You may choose to either display (or hide) icons of all POI categories on the map screens, or only display the icons from selected categories.

For example, you may only be interested in entertainment venues and want to disable other categories such as schools.

1. From the *Explore* screen, tap **Place settings**.  
The *Places settings* screen will display.

2. Complete the following:

If you want to ...	Then ...
display all POI icons (i.e. icons from all categories)	tap <b>Show all</b> .
display no POI icons	tap <b>Hide all</b> .
select a specific POI category icon for display on the map screen	<ul style="list-style-type: none"><li>▪ tap the required POI category to <b>Show</b> or <b>Hide</b> on the map screen.</li><li>▪ Repeat until all required categories are selected.</li></ul>

- Your preferences are automatically saved.

# How do I preview a route?

---

Route demonstration allows you to:

- Preview a route.
- Plan and view a route without a GPS fix, such as when you are inside a building.

The following steps will show you how to preview one route.

1. Select a departure point.

 If you have a GPS fix, you do not need to select a departure point unless you want the demonstrated route to start elsewhere.

The *Find* screen will display.

- b) Tap **Leaving from**.

The *Leaving from...* screen will display.

- c) Tap **Find a place**, then use the Address Wizard to find your departure point.

The *Preview* screen will display.

- d) Tap **Accept**.

The *Going to...* screen will display.

2. Select a destination point using the Address Wizard.

From the *Preview* screen,

3. Tap **GO**.

Your route is calculated and the *Map* screen will display.

4. Tap the edge of the docked menu.

The *Map* screen will display.

5. Tap **Route simulation**.

The *Map* screen will display the calculated route in route simulation mode.

6. Complete the following:

If you want to ...	Then ...
skip to the next turn	tap  .
increase the speed of the simulation and progress to the next turn	tap and hold  .
pause the simulation	tap  .
decrease the speed of the simulation	tap  .
cancel the simulation	tap  .

- Your preferences are automatically saved.

# How do I view my route statistics?

---

Your Navman provides information on your:

- distance to go
- estimated time of arrival
- distance travelled
- average speed
- maximum speed
- time taken for trip
- stationary time.

To view your route statistics during a planned route:

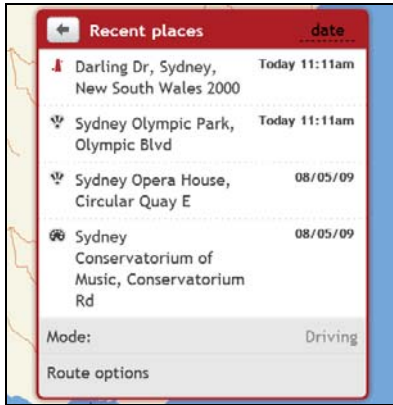

1.  →   
The *Map* screen will display.
2. Undock the menu screen.  
The *Map Menu* screen will display.
3. Tap .  
The *Route Statistics* screen will display.

# How do I navigate to a recent place?

To make navigating to an address easier, your Navman will automatically save all your start locations and destinations in a list of recent places.

- 

The *My Places* screen will display.
- Tap **Recent places**.  
The *Recent Places* screen will display.

 Tap the **date** option to change the sorting method between **date** and **abc**.

- Tap a recent place.  
The *Preview* screen will display.

- Complete the following:

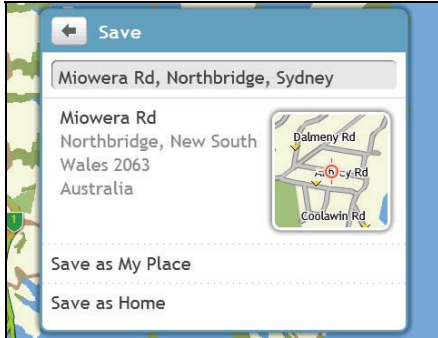

If you want to ...	Then ...
calculate the route, open the <i>Map</i> screen and start navigating	<ul style="list-style-type: none"> <li>tap <b>GO</b>. The <i>Map</i> screen will display.</li> </ul>
save the location as Home	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as Home</b>.</li> </ul>
save the location	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as My Place</b>.</li> </ul>
explore the area near the location	<ul style="list-style-type: none"> <li>tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li> <li>tap the docked menu to view a list of POIs near the location.</li> </ul>

# My Places

My Places has all your saved and captured locations. It also contains POIs, **NavPix** and albums you have downloaded onto your Navman via NavDesk.

## How do I save a location as My Place or Home?

1. Search for an address until the *Preview* screen is displayed.
2. Tap **Add to My Places**.  
The *Save* screen will display.

3. Tap **Save as My Place**.  
The *Preview* screen will display.
4. To change the name of the location, tap the name.  
The *Keyboard* screen will display.
5. After you have entered a name for the location, tap **OK**.  
The *My Places* screen will display.
6. Complete the following:

If you want to ...	Then ...
calculate the route, open the <i>Map</i> screen and start navigating	<ul style="list-style-type: none"><li>▪ tap <b>GO</b>. The <i>Map</i> screen will display.</li></ul>
navigate to a different location	<ul style="list-style-type: none"><li>▪ tap <b>Find another place</b>. The <i>Find</i> screen will display.</li><li>▪ tap any of the <i>Find</i> options to search for a location.</li></ul>
explore the area near the location	<ul style="list-style-type: none"><li>▪ tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li><li>▪ tap the docked menu to view a list of POIs near the location.</li></ul>
add or edit location name	<ul style="list-style-type: none"><li>▪ tap <b>Rename</b>. The <i>Keyboard</i> screen will display.</li><li>▪ after you have entered a name for the location, tap <b>OK</b>. The <i>My Places</i> preview screen will display.</li></ul>
delete the location	<ul style="list-style-type: none"><li>▪ tap <b>Delete</b>.</li></ul>

## How do I navigate to a location I have saved?

1.  →   
The *My Places* screen will display.
2. Tap the destination you want to travel to.  
The *Preview* screen will display.

3. Tap **Go**.  
Your Navman will calculate the route from your current location. The *Map* screen will display.

## How do I navigate to Home?

If you have not set an address as Home, the first time you try to navigate to Home you will be prompted to search for an address using the address-entry wizard.

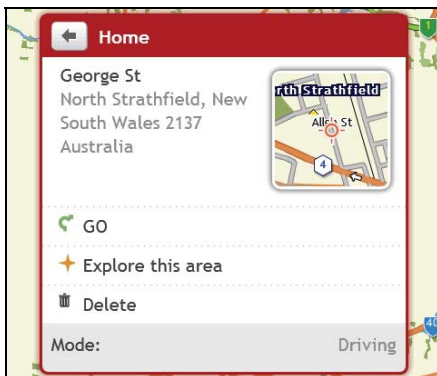

### Option 1- Via the *Main Menu* screen

Your Navman will calculate the route from your current location. The *Map* screen will display.

### Option 1- Via the *My Places* screen

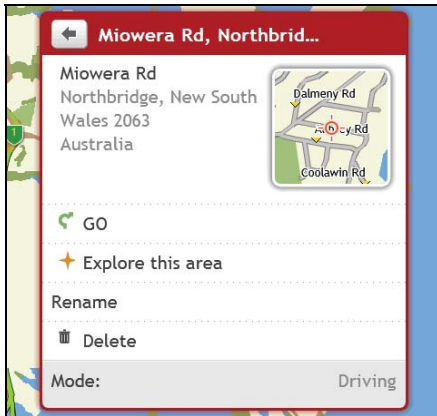

1.  →   
The *My Places* screen will display.
2. Tap **Home**.  
The *Preview* screen will display.

3. Tap **GO**.  
Your Navman will calculate the route from your current location. The *Map* screen will display.

## How do I edit the name of a location in My Places?

1.  The *My Places* screen will display.
2. Select a location to edit.  
The *Preview* screen will display.

3. Tap **Rename**.  
The *Keyboard* screen will display.

4. After you have edited the name, tap **OK**.  
The *Preview* screen will display.

## How do I delete a location?

1.  The *My Places* screen will display.
2. Select a location to delete.  
The *Preview* screen will display.
3. Tap **Delete**.  
The location is deleted. The *My Places* screen will display.

## How do I add or edit a POI name?

1.  The *My Places* screen will display.
2. Tap a POI you want to edit.  
The preview screen will display.
3. Tap **Rename**.  
The *Keyboard* screen will display.
4. After you have edited the name, tap **OK**.  
The *Preview* screen will display.

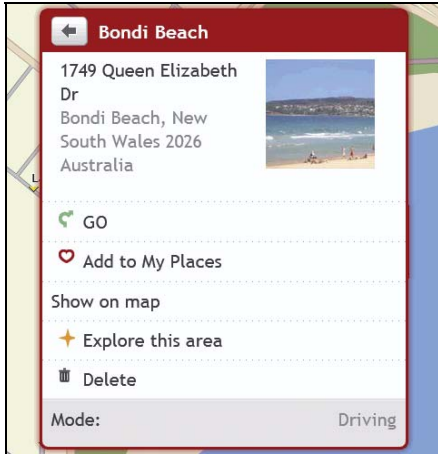

# How do I navigate to a NavPix?

Pictures that contain GPS co-ordinates are called **NavPix** and can be used to navigate to the GPS location.

To navigate to a **NavPix** location, either a GPS fix must have been available when the **NavPix** was taken, or GPS co-ordinates have been added using NavDesk.

1. The *My Places* screen will display.
2. Tap the **NavPix** you want to navigate to. The *Preview* screen will display.

3. Complete the following:

If you want to ...	Then ...
calculate the route, open the <i>Map</i> screen and start navigating	<ul style="list-style-type: none"> <li>▪ tap <b>GO</b>. The <i>Map</i> screen will display.</li> </ul>
navigate to a different location	<ul style="list-style-type: none"> <li>▪ tap <b>Find another place</b>. The <i>Find</i> screen will display.</li> <li>▪ tap any of the <i>Find</i> options to search for a location.</li> </ul>
view the location of the <b>Navpix</b> on the map	<ul style="list-style-type: none"> <li>▪ tap <b>Show on map</b>. The <i>Explore Map</i> screen will display.</li> </ul>
explore the area near the location	<ul style="list-style-type: none"> <li>▪ tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li> <li>▪ tap the docked menu to view a list of POIs near the location.</li> </ul>
add or edit <b>NavPix</b> name	<ul style="list-style-type: none"> <li>▪ tap <b>Rename</b>. The <i>Keyboard</i> screen will display.</li> <li>▪ after you have entered a name for the <b>NavPix</b>, tap <b>OK</b>. The <i>My Places</i> preview screen will display</li> </ul>
delete a POI from My Places	<ul style="list-style-type: none"> <li>▪ tap <b>Delete</b>. The <i>My Places</i> screen will display.</li> </ul>

## How do I navigate to a NavPix in an album?

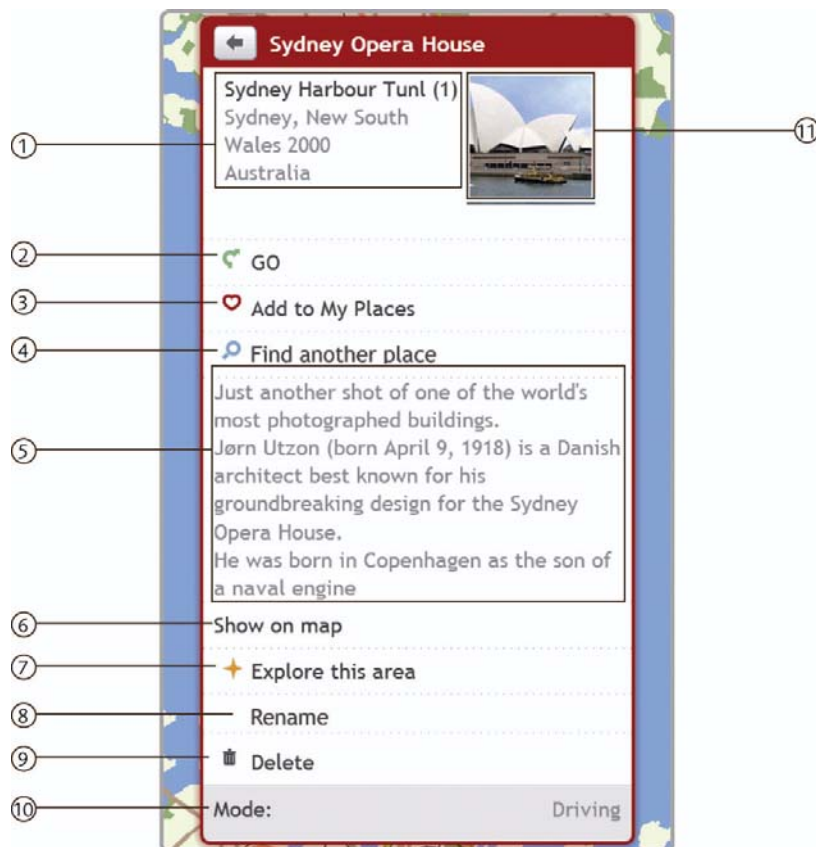

The albums contain all your pictures and displays them as thumbnails.

	Item	Description
①		Displays the previous screen.
②	<b>Slide Show</b>	Displays all images in the album as a full-screen slideshow.
③	<b>Album title</b>	The title of the album.
④	<b>NavPix thumbnail</b>	A thumbnail of a <b>NavPix</b> contained in the album. <ul style="list-style-type: none"> <li>To select a <b>NavPix</b>, tap the thumbnail. The <i>NavPix Details</i> screen will display.</li> </ul>
⑤		Indicates that the picture is a <b>NavPix</b> , with embedded GPS co-ordinates.

## NavPix management

The *NavPix Details* screen displays information about your **NavPix**. Tap a **NavPix** to display the *Photo Details* screen.

	Item	Description
①	<b>NavPix Title and address</b>	The title of the <b>NavPix</b> and its address.
②	<b>GO</b>	Your route will be calculated and displayed on the <i>Map</i> screen. This button is only available if the <b>NavPix</b> contains GPS co-ordinates.
③	<b>Add to My Places</b>	Allows you to save the <b>NavPix</b> in My Places.
④	<b>Find another place</b>	Allows you to search for a new location.
⑤	<b>NavPix information</b>	Displays information about the <b>NavPix</b> .  This information cannot be edited as it is imported from NavDesk.
⑥	<b>Show on map</b>	Displays the <b>NavPix</b> on the <i>Explore map</i> screen.
⑦	<b>Explore this area</b>	Display the <i>Explore</i> map.
⑧	<b>Rename</b>	Allows you to add or edit name of the <b>NavPix</b> .
⑨	<b>Delete</b>	Deletes the <b>NavPix</b> from the album on your Navman or memory card.
⑩	<b>Mode</b>	Toggle between <b>Driving</b> and <b>Walking</b> modes.
⑪	<b>Thumbnail</b>	A thumbnail of the <b>NavPix</b> .

## How do I view a NavPix in full-screen?

1. From the *NavPix Details* screen, tap the thumbnail of the **NavPix**.  
The **NavPix** will appear in full-screen.

**OR**

From the *Album detail* screen, tap **Slide Show**.  
The **NavPix** will appear in full-screen.

2. The icons disappear after a few seconds; tap the screen to have them reappear.
3. Complete the following:

If you want to ...	Then ...
zoom into the <b>NavPix</b>	tap  .
zoom out of the <b>NavPix</b>	tap  .
rotate the <b>NavPix</b>	tap  . The <b>NavPix</b> will rotate 90 degrees anticlockwise each time  is tapped; the <b>NavPix</b> is saved at the new angle.
view parts of the <b>NavPix</b> not displayed on-screen	tap and hold the <b>NavPix</b> , then drag across the screen.
return to the <i>NavPix Details</i> screen	tap  .
scroll through your <b>NavPix</b>	tap  .

## How do I delete NavPix from an Album?

**NavPix** can be deleted from an Album on your Navman internal memory or your memory card. When a **NavPix** has been saved as a *My Place* location, you will not delete the **NavPix** if you subsequently remove the **NavPix** from the album.

1. From the *Album* screen, tap a **NavPix**.  
The *NavPix Details* screen will display.
2. Tap **Delete**.
3. A warning screen will display, asking you to confirm or cancel the procedure.  
If confirmed, the **NavPix** will be deleted.

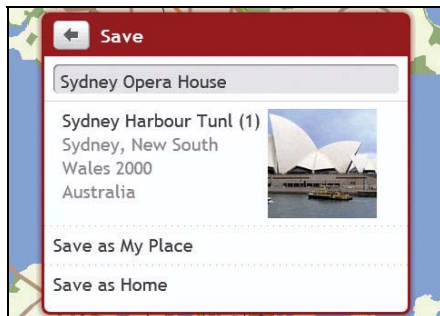

## How do I save a NavPix under My Places?

 You cannot save a **NavPix** as a *My Place* location if GPS co-ordinates are not available.

1. From the *Album* screen, tap a **NavPix**.  
The *NavPix Details* screen will display.

2. Tap **Add to My Places**.  
The *Save* screen will display.

3. Complete the following:

If you want to ...	Then ...
save the <b>NavPix</b> as a <i>My Place</i> location (when GPS co-ordinates are associated with a picture)	tap <b>Save as My Place</b> . The <b>NavPix</b> is saved and the <i>Photo Details</i> screen will display.
save the <b>NavPix</b> as Home (when GPS co-ordinates are associated with a picture)	tap <b>Save as Home</b> . The <b>NavPix</b> is saved and the <i>Photo Details</i> screen will display.

## How do I add or edit a NavPix title?

A title can be added to your **NavPix** or an existing title can be edited. The title can be a maximum of 34 characters.

1. From the *My Places* screen, tap a **NavPix** you want to edit.  
The *Preview* screen will display.
2. Tap **Rename**.  
The *Keyboard* screen will display.
3. After you have edited the title, tap **OK**.  
The *NavPix Details* screen will display.

# How do I capture a location or a journey?

The capture functionality is not available on all models.

Your Navman has a capture feature which allows you to record GPS co-ordinates of a location, capture a location with a voice recording and capture a journey and save them so you can navigate back at a later time.

## How do I capture a location?

The *Capture* screen will display.

2. Tap **Save**.  
After 5 seconds you will hear a shutter sound to indicate that the GPS co-ordinates have been saved.  
The location is saved under .

## How do I capture a location with a voice recording?

The *Capture* screen will display.

2. Tap   
The *Sound* screen will display.

3. Tap **Record** to start recording your voice.  
Tap **Stop** to stop the recording.
4. Tap **Save**.  
You will hear a shutter sound to indicate that the recording has been saved.  
The location is saved under .

## How do I capture a journey?

 To enable capturing of journeys, you must first enable **Capture Journey** from  > **Route options**.

1. At the beginning of the journey you would like to record, tap **Clear**.  
All travel that you have made (i) since midnight, (ii) the previous time you tapped **Clear**, or (iii) last captured a journey, will be deleted.

2. Travel on your journey. Your Navman will keep a record of where you travel.

3. At the end of your journey, press  → .

4. Tap .

The *Journey* screen will display.

5. Tap **Save**, then **Yes**.

The journey is saved under .

## How do I navigate to a location I have captured?

1.  →   
The *My Places* screen will display.

2. Tap the destination you want to travel to.  
The *Preview* screen will display.

3. Tap **Go**.  
Your Navman will calculate the route from your current location. The *Map* screen will display.

# How do I create a trip with multiple stops?

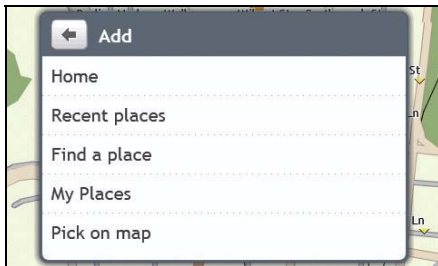

You can use the *Planned Trips* screen to set multiple stops or waypoints for your trip. Your route will be calculated to go via each of these points in the specified order.

1.  →   
The *Planned Trips* screen will display.

2. Tap **Create New Trip**.  
The *Edit* screen will display.

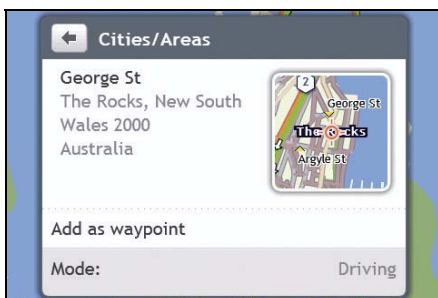

3. Tap **Add**.  
The *Add* screen will display.

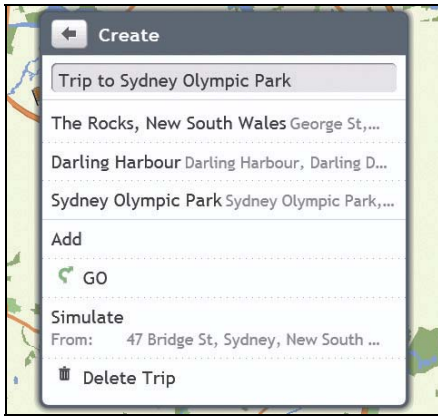

4. Tap **Find a place**.  
The *Search* screen will display.

 You can also add waypoints using Home, My Places and Recent places.

5. Using the **FIND** address wizard, search for a location.  
The *Preview* screen will display.

- Tap **Add as waypoint**.  
The waypoint is automatically saved and the *Edit* screen will display.

- Complete one or more of the following:

If you want to ...	Then ...
add another waypoint <i>i</i> Waypoints added after a multi-stop trip has commenced will not be included in the current route.	<ul style="list-style-type: none"> <li>tap <b>Add</b>. The <i>Add</i> screen will display.</li> <li>return to step 4.</li> </ul>
navigate to your selected destination	<ul style="list-style-type: none"> <li>tap <b>Go</b>. The <i>Map</i> screen will display the calculated route.</li> </ul>
delete the trip	tap <b>Delete Trip</b> .

### How do I delete a waypoint from my trip?

- Tap a waypoint on *Edit* screen.  
The *Preview* screen will display.
- Tap **Delete**.  
The *Edit* screen will display.

### How do I change the order of the waypoints?

- Tap a waypoint on the *Edit* screen.  
The *Preview* screen will display.

- Tap **Up** or **Down**.  
The *Edit* screen will display

## How do I add or edit a planned trip title?

1.     
The *Planned Trips* screen will display.
2. Tap the saved trip you want to edit.  
The *Edit* screen will display.
3. Tap the location name.  
The *Keyboard* screen will display.
4. After you have edited the name, tap **OK**.  
The *Edit* screen will display

## How do I skip a waypoint during a multi-stop trip?

To skip a waypoint during a multi-stop trip, complete the following:

1. Tap the map.
2. Tap .  
The next waypoint will be skipped and the route recalculated to the following waypoint.

# How do I make a hands-free call?

Hands-free calling is not available on all models.

If you have a compatible mobile phone with Bluetooth wireless technology, you can use your Navman as a hands-free car kit or to provide an internet connection. It can also be used to connect to a compatible Bluetooth mono/stereo earphone to output audio. Models with Bluetooth capabilities can exchange information over a distance of about 10 metres (30 feet) without requiring a physical connection.

Before you can use this feature you must pair your mobile phone with your Navman. Ensure that the Bluetooth wireless feature of your mobile phone is turned on before you begin pairing. When you search for or connect to a mobile phone/headset, the Bluetooth on your Navman will be turned on automatically. To save power, Bluetooth is set to **OFF** by default.

## How do I pair my Navman with a *Bluetooth* mobile phone?

-  →   
The *Settings* screen will display.
- Tap **Bluetooth**.  
The *Bluetooth* screen will display.
- Tap **Connect to Phone**.  
The *Search* screen will display.
- Tap **Search for devices**.  
The *Search* screen will display a list of nearby *Bluetooth* devices.
- Select a device from the list.  
The *Waiting* screen will display.  
 If you are prompted for a pass code or device PIN, enter **1234**.
- Tap **OK**.  
The *Phone detail* screen will display.

When you pair your mobile phone with your Navman, a connection is established between them. The 12 most recently paired phones will display on the *Connect to Phone* screen.

### Paired phone detail screen

The hands-free feature on your Navman can be turned **ON** or **OFF**. When turned **ON**, the following features can be used (dependant on mobile phone type):

- Display caller's number
- Answer or ignore incoming call
- Dial a number through the *Dial*, *Phonebook* and *Call history* screens

## Configuring internet settings

The Internet connection when turned on allows you to access live information over the internet.

- To change internet settings, from the *Phone settings* screen tap **OFF** next to the Internet connection option. The *Internet settings* screen will display.

- Complete the following:

If you want to ...	Then ...
change your country/region	<ul style="list-style-type: none"> <li>▪ tap <b>By Operator</b></li> <li>▪ tap <b>Country/Region</b>. The <i>Select a country</i> screen will display.</li> <li>▪ Select your country from the list. The <i>Internet settings</i> screen will display.</li> </ul>
change the operator for your region	<ul style="list-style-type: none"> <li>▪ tap <b>By Operator</b></li> <li>▪ tap <b>Operator</b>. The <i>Select a operator</i> screen will display.</li> <li>▪ Select your operator from the list. The <i>Internet settings</i> screen will display.</li> </ul>
enter your internet settings	<ul style="list-style-type: none"> <li>▪ tap <b>User-defined</b> and define your <i>User Name</i>, <i>Password</i> and <i>Dial Number</i>.</li> <li>▪ tap <b>Dial</b> to connect.</li> <li>▪ You device will connect to your operator via internet on your mobile phone.</li> </ul>

 When internet settings are not available, a warning message will be displayed. For more information, contact your mobile phone service provider.

## How do I pair my Navman with a *Bluetooth* headset?

1.  →   
The *Settings* screen will display
2. Tap **Bluetooth**.  
The *Bluetooth* screen will display.
3. Tap **Connect to headset**.  
The *Search* screen will display.
4. Tap **Search**.  
The *Search* screen will display a list of nearby *Bluetooth* devices.
5. Select the headset from the list.  
The *Passcode* screen will display.

6. Enter the passcode and tap **OK**.  
The *Phone menu* screen will display.

When you pair your headset with your Navman, a connection is established between them. The 12 most recently paired headphones will display on the *Connect to headset* screen.

# How do I make a phone call?

1. From the *Phone* screen tap **Dial**.  
The *Dial* screen will display.

2. Enter the number you want to call.

 The number of the last call will display when you next access the *Dial* screen. The number will be cleared as you start entering a new number.

3. To delete the last digit entered, tap .  
To clear the entire number, tap and hold .

 International calls require a country code to be included in the phone number. On your Navman, the country code is separated from the rest of the number sequence by a +. If you are making an international call, tap and hold **0** until the + sign displays.

4. Tap  to place the call.  
The *Dialling* screen will display. When the call is answered, the *Call in progress* screen will display.

5. Complete the following:

If you want to...	Then...
enter other numbers such as an extension number	tap <b>Keypad</b> .
adjust sound so that the other party cannot hear you	tap  to mute. <ul style="list-style-type: none"> <li>▪ tap  to unmute.</li> </ul>
adjust the volume	tap the volume bar to increase or decrease the volume.
make and receive calls via your Navman	tap <b>Voice to device</b> .
make and receive calls via your mobile phone	tap <b>Voice to Phone</b> .
access the map screen during a call	tap <b>Minimize</b> . The <i>Map</i> screen will display. To access the <i>Call in progress</i> screen, tap  on the <i>Map</i> screen.
end or cancel the call	tap <b>Hang Up</b> .

## How do I receive a phone call?

When you receive a call, the *Incoming call* screen will display.

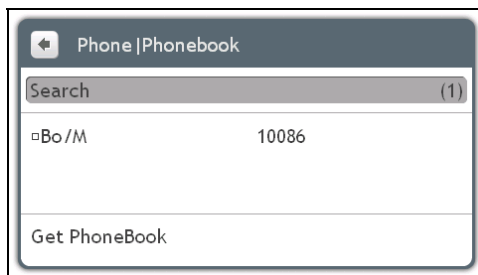

- Tap **Answer** to answer the call, or **Ignore** to reject the call.
- Tap the volume bar to increase or decrease the volume
- Tap **Hang Up** to end a call you have answered.

## How do I add a contact to my Navman?

Your Navman uses contacts created on your mobile phone. To add a new contact to your Navman, you must first add it to your mobile phone. Depending on your mobile phone type, you might not be able to add contacts to your Navman. Refer to your mobile phone user manual for more information.

 If there are no contacts on your Navman, you will be prompted to transfer the contact list from your phone. Your phone may disconnect, and then reconnect to your Navman during the transfer.

1. From the *Phone* screen tap **Phonebook**.  
The *Phonebook* screen will display.

2. To synchronise the contact list with your mobile phone, tap **Get Phonebook**. Your phone may disconnect, then reconnect to your Navman during the transfer. Contact names will be displayed in alphabetical order.
  - If a contact has more than one phone number, the numbers will be separated into multiple same name entries each with a different number. Your Navman can store up to 3 paired phones' phonebooks.

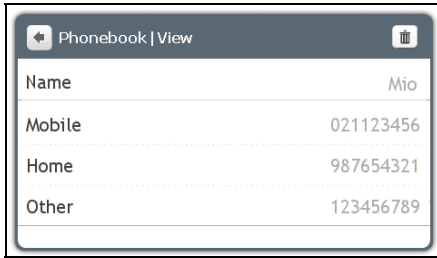

## How do I search for a contact in my phonebook?

Your contact names will be displayed in an alphabetical order on your Navman.

1. To search for a contact, tap **Search**.  
The keyboard screen will display.
2. Enter your contacts name, then tap **OK**.  
The *Phonebook results* screen will display.
3. Tap a contact from the list.  
The *Dialling* screen will display.

## How do I make a phone call to a contact?

1. From the *Phone* screen tap **Phonebook**.  
The *Phonebook* screen will display.
2. Select a contact from the list.  
The *View* screen will display.

3. Complete the following:

If you want to ...	Then ...
call the contact on their mobile phone	▪ tap <b>Mobile</b> . The <i>Dial</i> screen will display.
call the contact on their home number	▪ tap <b>Home</b> . The <i>Dial</i> screen will display.
call the contact on their work number or any other number	▪ tap <b>Other</b> . The <i>Dial</i> screen will display.
delete the contact from your phonebook	▪ tap  . The contact is deleted and the <i>Phonebook</i> screen will display.

# How do I view my call history?

From the *History* screen you can view a list of *Incoming Calls*, *Outgoing Calls* and *Missed Calls*.

The *History* screen lists the calls made during the time your Navman is connected to a mobile phone. Numbers are arranged by time with the most recent time at the top. Your Navman can store up to 30 numbers; limited to 10 entries for incoming, outgoing and missed calls each.

1. From the *Phone* screen tap **History**.  
The *History* screen will display.

2. To call a number in your call history, tap a contact in the list.
  - Tap the icon on the top right corner of the *History* screen to sort through *Incoming Calls*, *Outgoing Calls* and *Missed Calls*.

Icon	Description
	All calls
	Missed calls
	Outgoing calls
	Incoming calls

# How do I delete a call from my call history?

1. From the *Call History* screen tap a call you want to delete.  
The *Call information View* screen will display.
2. Tap **Delete**.  
The confirmation screen will display.
3. Tap **Yes**.  
The call is deleted and the Call History screen will display.

 On the *Call History* screen, tap **Delete all** to delete all calls in call history.

# What is Connect?

Connect is not available on all models and is only available in selected countries.

Connect allows you to search online for live POI information and receive weather updates for up to five cities. Using Connect you can search for and navigate to POIs using your Navman or you can navigate to POIs you have downloaded using NavDesk.

To search for POIs and to receive updated weather information using your Navman, you must pair your Navman with your mobile phone. If your Navman isn't paired with your mobile phone, the *Bluetooth* screen will display. For more information on pairing, see "How do I pair my Navman with a Bluetooth mobile phone?" on page 39.

 Additional data charges may apply. All charges are billed by your service provider. Please check with your service provider for more information.

## How do I search for a POI using Google Local Search?

1. Tap **Google™ Local Search**.  
The *Google™ Local Search* screen will display.

If you want to...	Then...
search for POI information near your destination   This option is only available if you have a route planned.	<ul style="list-style-type: none"> <li>▪ tap <b>My destination</b>. The <i>Local Search</i> screen will display.</li> </ul>
search for a POI information near a My Place location	<ul style="list-style-type: none"> <li>▪ tap <b>My Places</b>. The <i>My Places</i> screen will display.</li> <li>▪ select a location from the list. The <i>Preview</i> screen will display.</li> <li>▪ tap <b>Accept</b>. The <i>Local Search</i> screen will display</li> </ul>
search for POI information in a new location	<ul style="list-style-type: none"> <li>▪ tap <b>Find another place</b>. The <i>Go</i> screen will display.</li> <li>▪ Search for a place and Tap <b>Accept</b>. The <i>Local Search</i> screen will display.</li> </ul>
search for POI information near a recent location	<ul style="list-style-type: none"> <li>▪ tap <b>Recent Places</b>. The <i>Recent Places</i> screen will display.</li> <li>▪ select a location from the list. The <i>Preview</i> screen will display.</li> <li>▪ tap <b>Accept</b>. The <i>Local Search</i> screen will display</li> </ul>
search for POI information near your current location	<ul style="list-style-type: none"> <li>▪ tap <b>Near here</b>. The <i>Preview</i> screen will display.</li> <li>▪ Tap <b>Accept</b>. The <i>Local Search</i> screen will display.</li> </ul>

If you want to...	Then...
search for POI information around a particular area	<ul style="list-style-type: none"> <li>tap <b>Pick on Map</b>. The <i>Pick on Map</i> screen will display.</li> <li>tap an area and tap <b>OK</b>. The <i>Local Search</i> screen will display.</li> </ul>

 Depending on the country you are navigating, the available search services may vary. Depending on the service selected you can search for a POI by name or by category.

2. Tap **Keyword**.  
The *Keyboard* screen will display.

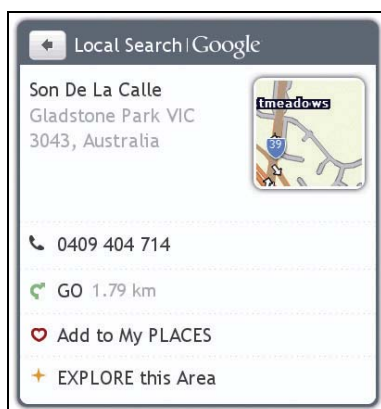

3. Use the *Keyboard* screen to search for a POI, then tap **OK**.  
The *Local search* screen will display.

4. Tap **Search**.  
The *List of search results* screen will display.

5. Tap a POI.  
The *Preview* screen will display.

6. Complete one of the following:

If you want to...	Then...
calculate the route and open the <i>Map</i> screen	<ul style="list-style-type: none"> <li>▪ tap <b>GO</b>. Your route is calculated; the <i>Map</i> screen will display.</li> </ul>
place a phone call to the POI	<ul style="list-style-type: none"> <li>▪ tap .</li> </ul> <p> This feature is not available on all models.</p>
explore the area near the location	<ul style="list-style-type: none"> <li>▪ tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li> <li>▪ tap the docked menu to view a list of POIs near the location.</li> </ul>
save the destination as a Favourite	<ul style="list-style-type: none"> <li>▪ tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>▪ tap <b>Save as My Place</b>.</li> </ul>
change your destination	<ul style="list-style-type: none"> <li>▪ press .</li> </ul> <p>The <i>List of Result</i> screen will display.</p>

# How do I search for a POI using TrueLocal.com.au?

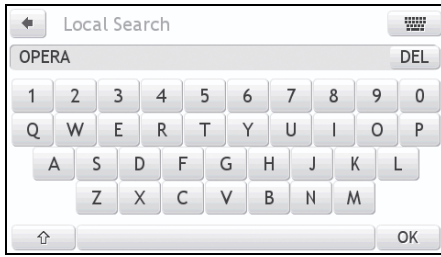

1. Tap **TrueLocal.com.au**.  
The *TrueLocal.com.au* screen will display.

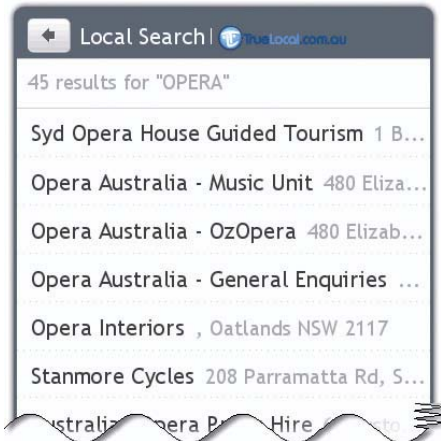

If you want to...	Then...
search for POI information near your destination   This option is only available if you have a route planned.	<ul style="list-style-type: none"> <li>▪ tap <b>My destination</b>. The <i>Local Search</i> screen will display.</li> </ul>
search for a POI information near a My Place location	<ul style="list-style-type: none"> <li>▪ tap <b>My Places</b>. The <i>My Places</i> screen will display.</li> <li>▪ select a location from the list. The <i>Preview</i> screen will display.</li> <li>▪ tap <b>Accept</b>. The <i>Local Search</i> screen will display</li> </ul>
search for POI information in a new location	<ul style="list-style-type: none"> <li>▪ tap <b>Find another place</b>. The <i>Go</i> screen will display.</li> <li>▪ Search for a place and Tap <b>Accept</b>. The <i>Local Search</i> screen will display.</li> </ul>
search for POI information near a recent location	<ul style="list-style-type: none"> <li>▪ tap <b>Recent Places</b>. The <i>Recent Places</i> screen will display.</li> <li>▪ select a location from the list. The <i>Preview</i> screen will display.</li> <li>▪ tap <b>Accept</b>. The <i>Local Search</i> screen will display</li> </ul>
search for POI information near your current location	<ul style="list-style-type: none"> <li>▪ tap <b>Near here</b>. The <i>Preview</i> screen will display.</li> <li>▪ Tap <b>Accept</b>. The <i>Local Search</i> screen will display.</li> </ul>
search for POI information around a particular area	<ul style="list-style-type: none"> <li>▪ tap <b>Pick on Map</b>. The <i>Pick on Map</i> screen will display.</li> <li>▪ tap an area and tap <b>OK</b>. The <i>Local Search</i> screen will display.</li> </ul>

 Depending on the country you are navigating, the available search services may vary. Depending on the service selected you can search for a POI by name or by category.

2. Tap **Keyword**.  
The *Keyboard* screen will display.

3. Use the *Keyboard* screen to search for a POI, then tap **OK**.  
The *Local search* screen will display.
4. Tap **Search**.  
The *List of search results* screen will display.

5. Tap a POI.  
The *Preview* screen will display.

6. Complete one of the following:

If you want to...	Then...
calculate the route and open the <i>Map</i> screen	<ul style="list-style-type: none"> <li>▪ tap <b>GO</b>. Your route is calculated; the <i>Map</i> screen will display.</li> </ul>
place a phone call to the POI	<ul style="list-style-type: none"> <li>▪ tap <b>Call</b>.</li> </ul> <p> This feature is not available on all models.</p>
explore the area near the location	<ul style="list-style-type: none"> <li>▪ tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li> <li>▪ tap the docked menu to view a list of POIs near the location.</li> </ul>
save the destination as a Favourite	<ul style="list-style-type: none"> <li>▪ tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>▪ tap <b>Save as My Place</b>.</li> </ul>
change your destination	<ul style="list-style-type: none"> <li>▪ press . The <i>List of Result</i> screen will display.</li> </ul>

# How do I receive weather information using Connect?

Before you can view weather information, you must add at least one city to the list. You can add up to five cities at any one time.

 Weather information is only available for certain cities.

## How do I add a city to receive weather updates?

1. Tap **Update now**.  
The *Weather* screen will display.

2. Tap **Add City**.  
The *Select region* screen will display.
3. Select your region.  
The *Select a country or area* screen will display.
4. Select your country.  
The *Select a city to add* screen will display.
5. Select a city.  
The city is added to the list and updated to display current weather information.

## How do I view weather information for a city I have added?

1. Tap **Update now**.  
The *Weather* screen will display.
2. Tap a city to view current weather information.  
The *Weather* screen for the selected city will display. .

 Depending on the city you have selected, a range of current and forecast weather and temperature information may be displayed. If the city you have selected has forecast information available, tap a weekday from the list to view detailed information for that day.

## How do I remove a city I have added?

1. Tap **Update now**.  
The *Weather* screen will display.
2. Tap your city.  
The *Weather* screen for the selected city will display.
3. Tap **Remove this city**.  
The city is removed from the list.

## How do I change between Celsius and Fahrenheit for displaying temperature?

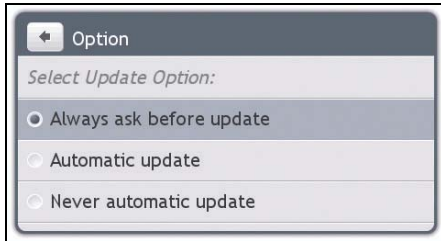

1. Tap **Update now**.  
The *Weather* screen will display.
2. In the **Unit** section, tap < or > to choose between °C (Celsius) or °F (Fahrenheit).

## How do I set Connect options?

1. Tap **Option**.  
The *Options* screen will display.

2. Complete the following:

If you want to ...	Then ...
be prompted before every update	tap <b>Always ask for update</b> .
receive automatic updates	tap <b>Automatic update</b> .
only receive updates manually	tap <b>Never automatic update</b> .

# Travel Book?

Travel Book is not available on all models and is only available in selected countries.

Travel Book is a collection of city guides that provide detailed Points of Interest maps for major cities in North America, Australia, New Zealand and Europe. The city guides provide information on accommodation, dining, night life, business essentials, shopping, important tourist spots and practical information such as banks, medical centres, bus stations, etc.

 Travel Book information is provided by a third party. Navman does not guarantee the accuracy of the data contained within this database either expressed or implied.

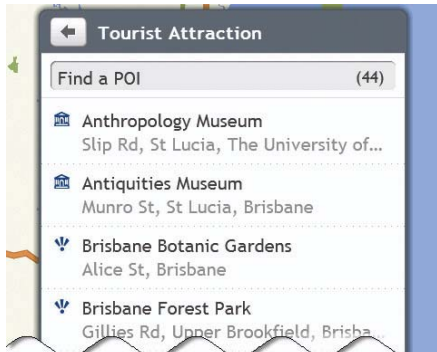

## How do I search for a POI in a city I am visiting?

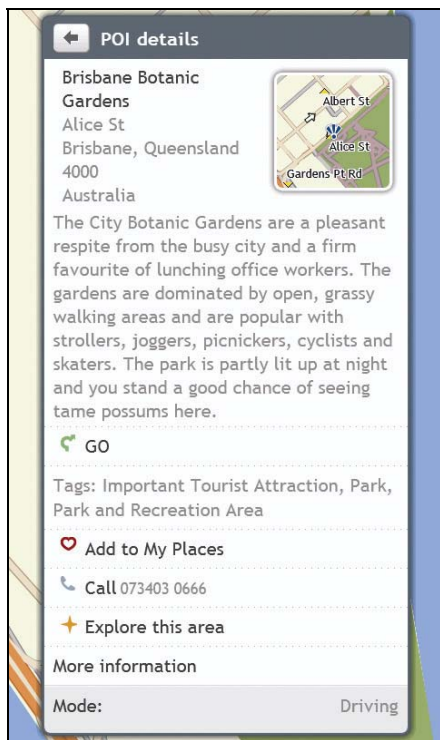

1. Select your city from the available cities screen.  
The *City* screen will display.

2. Select a POI category from the list.  
The *POI category* screen will display.

3. Select a POI from the list.  
The *POI details* screen will display.

4. Complete the following:

If you want to ...	Then ...
calculate the route, open the <i>Map</i> screen and start navigating	<ul style="list-style-type: none"> <li>tap <b>GO</b>. The <i>Map</i> screen will display.</li> </ul>
navigate to a different location	<ul style="list-style-type: none"> <li>tap <b>Find another place</b>. The <i>Find</i> screen will display.</li> <li>tap any of the <i>Find</i> options to search for a location.</li> </ul>
explore the area near the location	<ul style="list-style-type: none"> <li>tap <b>Explore this area</b>. The <i>Explore Map</i> screen will display.</li> <li>tap the docked menu to view a list of POIs near the location.</li> </ul>
place a phone call to the POI	<ul style="list-style-type: none"> <li>tap <b>Call</b>.</li> </ul> <p> This feature is not available on all models.</p>
save the location	<ul style="list-style-type: none"> <li>tap <b>Add to My Places</b>. The <i>Save</i> screen will display.</li> <li>tap <b>Save as My Place</b>.</li> </ul>
read more information on the selected POI	<ul style="list-style-type: none"> <li>tap <b>More information</b>. The <i>More details</i> screen will display.</li> </ul>

### How do I add or remove city guides on my Navman?

You can add or remove city guides on your Navman via NavDesk.

For more information on adding/removing city guides, refer to the *NavDesk User Manual*.

# How do I receive current traffic information via TMC?

Traffic information is not available on all models and is only available in selected countries.

Your Navman can receive current traffic information in major metro areas, enabling you to avoid potential delays on your route. Event messages and traffic icons will display as they occur. If an event message obscures your current location, the map will adjust to display both the message and your location.

## How does my Navman receive traffic information?

Depending on your model, you may receive current traffic information on your Navman using the built-in TMC receiver, or via the Navman traffic accessory kit. The traffic accessory kit may be sold separately.

The Traffic Message Channel (TMC) broadcasts real-time traffic and weather information via the FM Radio Data System (RDS). FM radio stations transmit TMC data on a cycle of several minutes, with hundreds of events able to be broadcast to TMC receivers, such as the Navman Traffic module.

### Traffic status

Your current traffic status is indicated by the colour of the TMC icon.

To view your current traffic status, from the *Main Menu* screen, tap .

The following table describes the three traffic status icons:

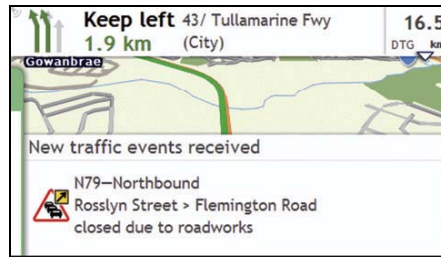

Traffic Status	Description
	The TMC status is <b>grey</b> if traffic is currently inactive due to one of the following conditions: <ul style="list-style-type: none"><li>Your Navman or traffic accessory kit is connecting to the TMC service.</li><li>Your Navman or traffic accessory kit cannot receive TMC data. This may be due to poor radio coverage in the local vicinity.</li><li>You are in a country that is not supported by the Navman traffic accessory kit.</li></ul>
	The TMC status is <b>orange</b> if one of the following conditions apply: <ul style="list-style-type: none"><li>You have navigated into a country that is not supported by Navman Traffic, but there are still traffic events listed on the <i>Event List</i> screen.</li><li>You have separated your Navman from the Navman traffic accessory kit, or the Navman traffic accessory kit is not receiving power but there are still traffic events listed on the <i>Event List</i> screen.</li></ul>
	The TMC status is <b>green</b> if your Navman or traffic accessory kit is active and receiving traffic events.

Your traffic status is displayed in more detail on the *Traffic System Status* screen.

# How will I know when a Traffic Event occurs?

Incoming events are handled according to your Traffic preferences.

When travelling through an area in which you can receive traffic status, your Navman will decode these events and display them on-screen. An icon will display at the event location on the map screens, and an audible warning is given if an event is on your route. Where an event spans a specific distance, the road will be highlighted and arrows will indicate the direction affected.

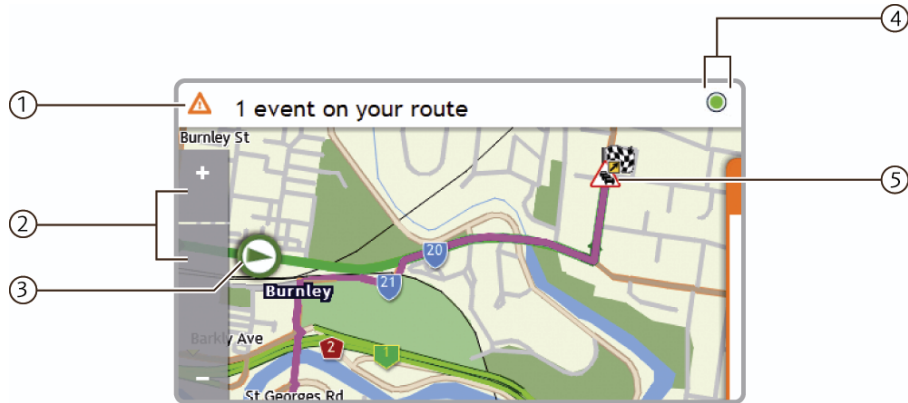

A message will display at the bottom of the screen with the road name, the section of road affected and the type of event that has occurred. The message remains on screen for 8 seconds and is added to the *Event List*.

# Traffic Overview screen

Depending on your Navman model, traffic information may not be available or may require the Traffic Accessory Kit (may be sold separately).

The Traffic Overview screen displays a general overview of the traffic situation on your route, including all events in the immediate vicinity.

	Item	Description
①	<b>State</b>	Indicates the number of events on your route.
②		To zoom in or out, tap and hold  or .
③	<b>Current position</b>	Your current position is marked with
④		Your current traffic status is indicated by the colour of the TMC icon.
⑤	<b>Event icon</b>	Displays icon to indicate type of event.

## How do I view a list of all events on my route?

Your Navman creates a list of events as they are received, which is displayed on the *Event List* screen. This screen can only be viewed if the TMC icon is **green** or **orange**.

From the *Traffic Overview* screen, tap and undock the menu.

	Item	Description
①		Tap to return to the previous screen.
②	<b>Sort</b>	Display the <i>Set sort type</i> screen. Select your traffic event sorting option from the list.
③	<b>Event description</b>	Displays details of the Event, including: <ul style="list-style-type: none"> <li>▪ Name of road and direction in which Event is taking place.</li> <li>▪ Location of where Event begins and ends. <ul style="list-style-type: none"> <li>▪ &gt; indicates an Event from a location, to a location.</li> <li>▪ &lt;&gt; indicates an Event between locations.</li> </ul> </li> <li>▪ Type of Event.</li> </ul>
④	<b>Event icon</b>	Displays an icon to indicate type of event.

## How do I view traffic details?

There are several ways to view details of an event received by your Navman.

Choose one of the following:

Traffic Status	Description
From any of the map screens used to view your route	<ul style="list-style-type: none"> <li>Tap the Event message when it appears on the map screen. The <i>Event Details</i> screen will display.</li> </ul>
From the Traffic Overview screen	<ul style="list-style-type: none"> <li>Tap and undock the menu. The <i>Event List</i> screen will display.</li> <li>Select and tap the event you want to view. The <i>Event Details</i> screen will display.</li> </ul> <p>OR</p> <p>Tap and hold the traffic icon, which displays at the location of the event. The <i>Event Details</i> screen will display.</p>

	Item	Description
①		Tap to return to the previous screen.
②	<b>Event icon and description</b>	<p>Displays details of the Event, including:</p> <ul style="list-style-type: none"> <li>Name of road and direction in which Event is taking place.</li> <li>Location of where Event begins and ends. <ul style="list-style-type: none"> <li>&gt; indicates an Event from a location, to a location.</li> <li>&lt;&gt; indicates an Event between locations.</li> </ul> </li> <li>Type of Event.</li> </ul>
③	<b>Detour information</b>	Displays details of detour recommendation, if any.
④	<b>Avoid</b>	<p>Tap to initiate a new route to avoid the event. Only available if a detour or re-route is available.</p> <p>The <b>Unavoid</b> button is displayed when a re-route has been calculated.</p>

## How do I know if a detour is recommended?

When a Traffic or Clearance event occurs on your route, a detour will often be recommended. The detour event message will display in the status bar on map screens.

 Detours are only recommended for Traffic or Clearance Events on a calculated route.

## How do I avoid an event on my route?

From the *Traffic Overview* screen, tap and undock the menu.

1. From the *Event List* screen, tap the event.  
The *Event Details* screen will display.
2. If a detour has been calculated to avoid an event on your route, *Avoid* is available; tap to accept the new route and avoid the event.  
The *Map* screen will display.

## How do I cancel a detour around an event on my route?

If you have chosen to avoid an event and a new route has been calculated, you can cancel the detour around the event and return to your original route.

1. From the *Event List* screen, tap the Event you want to un-avoid.  
The *Event Details* screen will display.
2. Re-route information displays at the bottom of the screen.
  - If a re-route has been calculated, *Unavoid* is available; tap to accept the new route.  
The *Map* screen will display.

# Traffic messages

The *Event Details* screen displays detour status information.

## Detour Not Available messages

If a detour is not available, one of the following messages will display:

Message	Description
This Event is not locatable	A specific location for the Event cannot be identified.
This clearance is not locatable	
This Event does not affect your route	The Event is not on the current leg of your journey, or is behind your current position.
This clearance does not affect your route	
You are avoiding this Event	The Event is not on the current leg of your journey.
You have accepted this clearance	
You are too distant to re-route	The Event is currently too distant to affect your journey.
You are too distant to accept this clearance	
Detour not found	A detour / re-route could not be calculated.
Clearance route not found	

## Detour Recommended messages

If a detour is recommended, one of the following messages will display:

Message	Description
Finding detour.... Recalculating route.....	Your Navman is calculating a new route. During calculation, the % complete will display.  Exiting this screen before the new route is calculated will cancel the operation.
Detour distance..... Clearance change	A detour has been calculated. The difference between the distance of your current route and the proposed route is displayed.

# Traffic preferences

You can view your current traffic system status and change options by customising the traffic preferences.

## Traffic service

1. From the *Traffic Events* screen, tap **Traffic service**.  
The *Traffic service* screen will display.

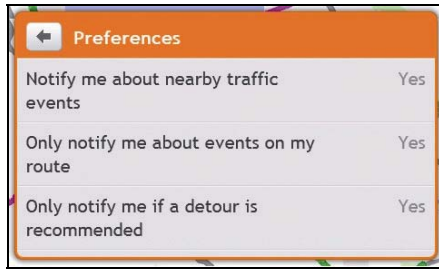

The TMC service screen displays the frequency of the radio station currently used to receive traffic event information. A bar shows the strength of the traffic signal being received; the more green bars the stronger the signal.

2. Complete the following:

If you want to...	Then...
change your preferred radio station	select your preferred radio station from the list.

## Traffic Event Notification

- From the *Event List* screen tap **Preferences**.  
The *Preferences* screen will display.

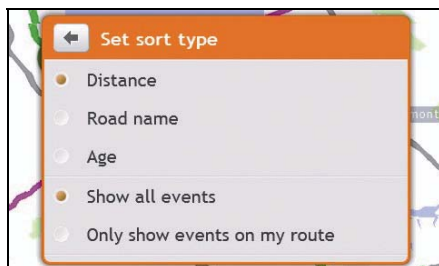

- Complete the following:

If you want to...	Then...
turn on/ off traffic event notification	select the <b>Notify me about nearby traffic events</b> button to receive traffic event notification.  clear the <b>Notify me about nearby traffic events</b> button to turn off traffic event notification.  Event icons will still display on the Map screen.
be notified about events that affect your current route	select the <b>Only notify me about events on my route</b> button.
be notified only when a detour is recommended	select the <b>Only notify me if a detour is recommended</b> button.

- Your preferences are automatically saved.

## Select event sorting type

- From the *Traffic events* screen tap the **Sort** field.  
The *Set sort type* screen will display.

- Complete the following:

If you want to...	Then...
sort events by distance	select the <b>Distance</b> option.
sort events by road name	select the <b>Road name</b> option.
sort events by age	select the <b>Age</b> option.
view all traffic events	select the <b>Show all events</b> option.
view traffic events that appear only on your route	select the <b>Only show events</b> on my events option.

- Your preferences are automatically saved.

# How do I play music or video?

Media is not available for all models and is only available in some countries.

Media allows users to play stored video and music files installed on your Navman or on a memory card.

## Playing audio files

If your files are in a storage card, insert the card into your Navman. Only .aac, .m4a, .mp3, .wav and .wma audio formats are supported for the audio feature.

You can play music files that are stored on your Navman or on the storage card by a random order, artist and albums.

## How do I listen to a music file on my Navman?

There are several ways to play audio files on your Navman.

1. Choose one of the following:

If you want to...	Then...
play music files randomly	tap <b>Play Random</b> .
sort music files by an artist	tap <b>Artist</b> and select an artist from the <i>Artist</i> screen.
listen to music files in an album	tap <b>Albums</b> and select an album from the <i>Album</i> screen.
play all music files	tap <b>Songs</b> and select a song to start with from the <i>Songs</i> screen.
play music files stores in a playlist	tap <b>Playlists</b> and select a playlist from the <i>Playlist</i> screen.

2. The *Songs* screen will display.

3. Complete the following:

If you want to...	Then...
play a music file	tap on the music file from the list
listen to the previous music file	tap  .
skip the current music file	tap  .
pause the music file	tap  . Tap  to starting playing the audio file.
adjust the volume	tap  .
mute the volume	tap  .
unmute the volume	tap  .
set play settings	in the <b>Play</b> section, tap < or > to see all options: <ul style="list-style-type: none"> <li>▪ select <b>Random</b> to play music files randomly.</li> <li>▪ select <b>In order</b> to play music files in order.</li> </ul>
set repeat settings	in the <b>Repeat</b> section, tap < or > to see all options: <ul style="list-style-type: none"> <li>▪ select <b>Repeat All</b> to repeat all the music files.</li> <li>▪ select <b>Repeat One</b> and the current music file will be repeated once.</li> <li>▪ select <b>No Repeat</b> to play the music files only once.</li> </ul>

# Playing video files

This feature is not available on all models.

If your files are in a storage card, insert the card into your Navman. Only .asf, .avi, .m4v, .mp4 and .wmv video formats are supported for the video feature.

## How do I view a video file on my Navman?

- From the *Media* screen tap **Videos**.  
The *Videos* screen will display.

- Complete the following:

If you want to...	Then...
play a video file	tap on the video file from the list
view the previous video file	tap  .  Tap and hold the icon for more than 1 second to rewind the video.
skip the current video file	tap  .  Tap and hold the icon for more than 1 second to forward the video.
pause the video file	tap  . Tap  to starting playing the video file.
adjust the volume	tap  .
mute the volume	tap  .
unmute the volume	tap  .
view video in full screen	tap  .
set play settings	in the <b>Play</b> section, tap < or > to see all options: <ul style="list-style-type: none"> <li>select <b>Random</b> to play video files randomly.</li> <li>select <b>In order</b> to play video files in order.</li> </ul>
set repeat settings	in the <b>Repeat</b> section, tap < or > to see all options: <ul style="list-style-type: none"> <li>select <b>Repeat All</b> to repeat all the video files.</li> <li>select <b>Repeat One</b> and the current video file will be repeated once.</li> <li>select <b>No Repeat</b> to play the video files only once.</li> </ul>

## How do I view the video file on a full screen?

1. From the *Video* screen select and tap a video file you want to view on a full screen. The video file will play in a normal view.
2. Tap on the video file. The video file can be viewed at full screen.

3. The icons disappear after a few seconds; tap the screen to have them reappear.
4. Complete the following:

If you want to...	Then...
view the previous video file	tap  . Tap and hold the icon for more than 1 second to rewind the video.
skip the current video file	tap  . Tap and hold the icon for more than 1 second to forward the video.
pause the video file	tap  . Tap  to starting playing the video file.
adjust the volume	tap  .
mute the volume	tap  .
unmute the volume	tap  .
return to the normal view	tap  .

# How do I receive audio through my vehicle speakers?

FM transmitting is not available on all models and is only available in selected countries.

Your Navman can be set to transmit sound at a particular FM frequency which you can then receive through your vehicle radio. This means that you can hear map voice guidance, radio, mp3 files and video voice files clearly and loudly through your vehicle speakers.

**Warning:** Products with FM Transmitter feature may be operated in the following countries: Andorra, Australia, Austria, Belgium, Bulgaria, Canada, Czech Republic, Denmark, Estonia, Finland, Germany, Ireland, Iceland, Italy, Liechtenstein, Lithuania, Luxembourg, Latvia, Malta, Mexico, Monaco, the Netherlands, New Zealand, Norway, Poland, Portugal, Romania, San Marino, Slovenia, Slovakia, Spain, South Africa, Sweden, Switzerland, United Kingdom, United States of America and Vatican City. The FM Transmitter is not allowed to be used by law in France, Cyprus, France, Greece and Hungary. Please turn off the function in those areas<sup>1</sup>.

## How do I set the audio output channel of my Navman through my car's FM radio?

 When you first access Audio output, the **Internal speaker** option is selected by default. If you select **FM transmitter** the most recently used FM frequency will be used.

1. From the *Settings* screen tap **Audio output**.  
The *Audio output* screen will display.
2. Select the **FM transmitter** option and then tap **setup** to set the frequency.  
The *Set Frequency* screen will display.
3. Tap **Set frequency** to set a new output frequency for your Navman.  
The *Set frequency* screen will display.

4. Tap – or + to set a frequency.

 Tap and hold -/+ to decrease/increase by 1MHz. The fine-tuning frequency unit is 0.1MHz/per unit.

5. Tap any of the save options.  
The *FM screen* will display with the saved frequency.

 You can only save four FM frequencies on your Navman. Tap **Apply directly** to apply current frequency directly. **Apply directly** option allows you to set the audio output channel automatically to FM (current frequency).

6. Tap and select the frequency you want to use.

 To delete a saved frequency, you must set a new frequency and replace the frequency that you no longer require.

---

<sup>1</sup> Note that the legislation is currently under review in Greece and Hungary. Therefore the status is expected to change in those countries in the near future.

# Walking mode

---

**Walking** mode allows you to navigate to your destination using roads and paths appropriate for a pedestrian, including non-vehicle segments.

 When in **Walking** mode, you will not be routed onto motorways and their associated on/off ramps (slip roads). If your destination is more than 10 kilometres (6.3 miles) away, a warning message is displayed indicating that the route is a long way to walk.

## How can I set my navigation mode to walking?

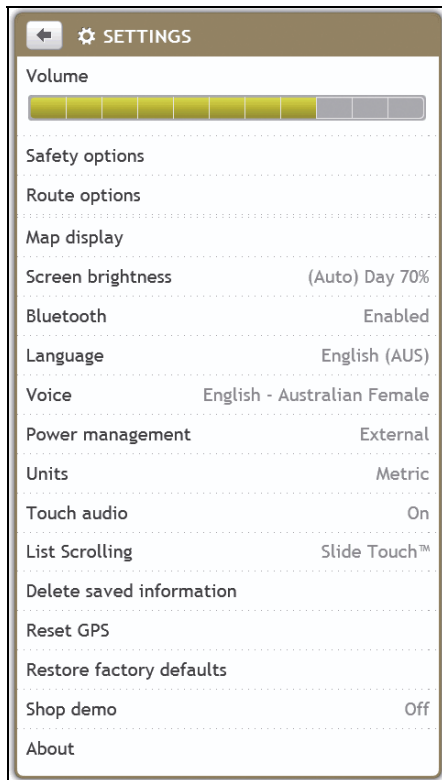

1. Plan a route from the *GO*, *Find* or *Explore* screen.
2. In the **Mode** section, tap < or > to select **Walking**.

Your route will be calculated and the *Map* screen will display using the walking icon:  .

# What can I customize?

---

There are various customization options available to enhance your navigation experience.

# Volume

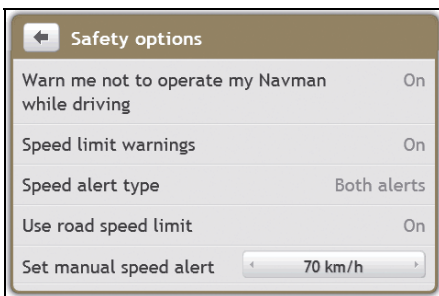

Complete the following:

If you want to ...	Then ...
increase or decrease the volume	<ul style="list-style-type: none"> <li>move the <b>Volume</b> slider to the right to increase the volume.</li> <li>move the <b>Volume</b> slider to the left to decrease the volume.</li> </ul>

- Your preferences are automatically saved.

# Safety options

You can enhance your navigation experience by modifying aspects of your route and route calculation.

Complete the following:

If you want to ...	Then ...
enable/disable a visual warning if the screen is accessed in a moving vehicle	tap <b>Warn me not to operate my Navman while driving</b> , to turn it <b>On</b> or <b>Off</b> .
enable/disable speed limit alerts	tap <b>Speed limit warnings</b> , to turn it <b>On</b> or <b>Off</b> .  When <b>Speed limit warnings</b> is set to <b>On</b> , the <b>Set manual speed alert</b> and <b>Speed alert type</b> , options will display.
set audio, visual or both alerts	tap <b>Speed alert type</b> , then select an alert option from the list.
use road speed limit	tap <b>Use road speed limit</b> , to turn it <b>On</b> or <b>Off</b> .   This feature is not available on all models and is only available in selected countries.
set your preferred speed	in the <b>Set manual speed alert</b> section, tap <b>&lt;</b> or <b>&gt;</b> to select your preferred speed limit.   Your set speed limit will be used for roads where speed limit data is not available. Navman accepts NO liability whatsoever for you receiving any speeding fines or points on your license through using this device. Navman does not guarantee the accuracy of the data contained within this database either expressed or implied.

- Your preferences are automatically saved.

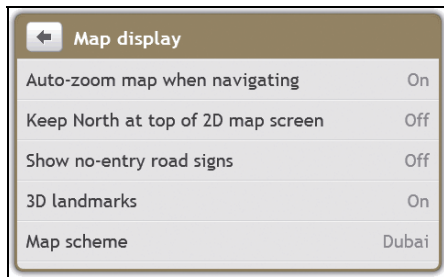

# Route options

Route options	
Route type	Fastest
Types of road	Set
Map	3D
Displayed turns	5
Junction views	On
My Places alerts	Set
Mileage recorder	On
GPS logging	On
Capture Journey	On

Complete the following:

If you want to ...	Then ...
set route type options for your route	<ul style="list-style-type: none"> <li>▪ tap <b>Route type</b>. The <i>Route type</i> screen will display.</li> <li>▪ select your route type preference form the list               <ul style="list-style-type: none"> <li>○ <b>Economical</b> - The route with least number of stops, turns and urban areas which should save on fuel usage</li> <li>○ <b>Easiest</b> - The simplest route with the least number of turns and favours motorways where appropriate</li> <li>○ <b>Fastest</b> - The route that should be the fastest when navigating</li> <li>○ <b>Shortest</b> - The route with the shortest physical length</li> </ul> </li> </ul> <p> Selecting <b>Shortest</b> route type over <b>Fastest</b> route type can cause a much longer journey time.</p>
set types of road options for your route	<ul style="list-style-type: none"> <li>▪ tap <b>Types of road</b>. The <i>Types of road</i> screen will display.</li> <li>▪ select your road preference form the list</li> </ul> <p> Avoiding ferry routes may prevent you from navigating between certain countries, even when a bridge or tunnel exists.</p>
set your map screen preference	tap the <b>Map</b> option to select between a 3D or 2D view of the <i>Map</i> screen.
Set the number of turns displayed on your turn list	<ul style="list-style-type: none"> <li>▪ tap <b>Displayed turns</b>. The <i>Displayed turns</i> screen will display.</li> <li>▪ select your turn preference form the list</li> </ul>
display Junction views on your route	tap the <b>Junction views</b> option to turn it <b>On</b> or <b>Off</b> .   This feature is not available on all models.
record mileage for your route to generate expense reports	tap the <b>Mileage recorder</b> option to turn it <b>On</b> or <b>Off</b> .
record a GPS log of your trip	tap the <b>GPS logging</b> option to turn it <b>On</b> or <b>Off</b> .
record your journey	tap the <b>Capture Journey</b> option to turn it <b>On</b> or <b>Off</b> .   This feature is not available on all models.

# Map display

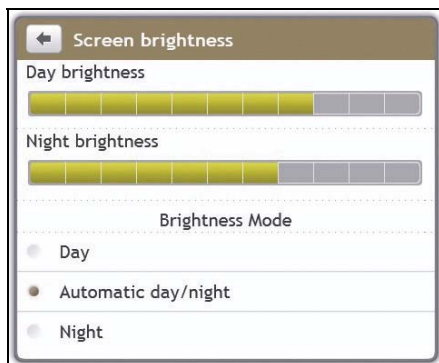

Complete the following:

If you want to ...	Then ...
enable/disable automatic zooming during navigation	<p>tap <b>Auto-zoom on main map screens</b>.</p> <p>If selected, the Map screens will automatically zoom in or out, depending on your speed, to allow optimal viewing of your route.</p>
display North at the top of the <i>2D Map</i> screen	<p>tap <b>Keep North at top of 2D Map screen</b>.</p> <p> If set to <b>Off</b>, the direction you are travelling in will display at the top of the <i>2D Map</i> screen.</p>
display “no entry” icons on “no entry” roads on the <i>Map</i> screens	tap <b>Show no-entry road signs</b> .
display 3D landmarks on your route	<p>tap the <b>3D landmark</b> option to turn it <b>On</b> or <b>Off</b>.</p> <p> This feature is not available on all models.</p>
Change the map colour scheme	tap the <b>Map scheme</b> , then select a colour scheme from the list.

- Your preferences are automatically saved.

# Screen brightness

Complete the following:

If you want to ...	Then ...
change the screen brightness	<ul style="list-style-type: none"> <li>move the <b>Screen Brightness</b> slider towards right to increase screen brightness.</li> <li>move the <b>Screen Brightness</b> slider towards left to decrease screen brightness.</li> </ul> <p><b>Warning:</b> Your Navman can heat up when the <b>Brightness</b> scale is set high, therefore, use lower brightness whenever acceptable.</p>
set the screen contrast to automatically adjust	select the <b>Automatic day/night option</b> .
improve screen contrast in light or dark condition	select either <b>Day</b> or the <b>Night</b> option to manually adjust screen contrast.

- Your preferences are automatically saved.

# Bluetooth

*Bluetooth* option allows you to pair and select a mobile phone or the headset with your Navman.

Complete the following:

If you want to...	Then...
enable/disable <i>Bluetooth</i> on your Navman	tap <b>On/Off</b> button on the <i>Bluetooth</i> screen.
connect to a <i>Bluetooth</i> mobile phone	tap <b>Connect to Phone</b> option and then select a mobile phone from the list. Tap <b>Search</b> to search for a new <i>Bluetooth</i> enabled mobile phone.
connect to a <i>Bluetooth</i> headset	tap <b>Connect to Headset</b> option and then select a headset from the list. Tap <b>Search</b> to search for a new <i>Bluetooth</i> enabled headset.

Your preferences are automatically saved.

# Language

Complete the following:

If you want to ...	Then ...
change the on-screen language	tap your preferred language, then tap <b>Yes</b> . Your language preference is saved and the <i>Map</i> screen is displayed.   The voice scheme will also change to the default scheme for the selected language.

- Your preferences are automatically saved.

# Voice

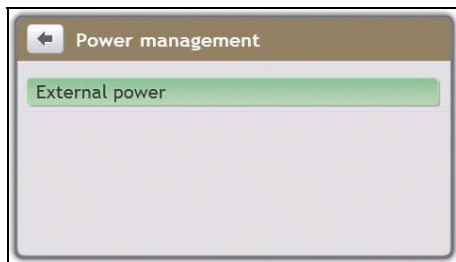

Complete the following:

If you want to ...	Then ...
change the voice scheme	select your preferred voice scheme from the list.  Only voice schemes that are compatible with the chosen language are displayed.

- Your preferences are automatically saved.

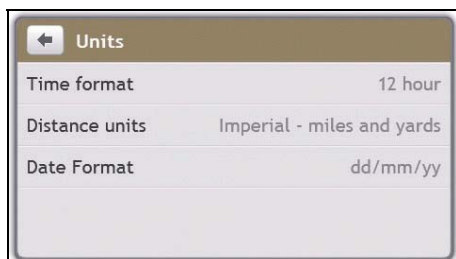

# Power management

The **Battery Status** bar shows the percentage of power left in the Navman battery. The words **External power** will display when the battery is charging from an external power source.

To charge the battery, refer to the *Hardware User Manual*.

# Units

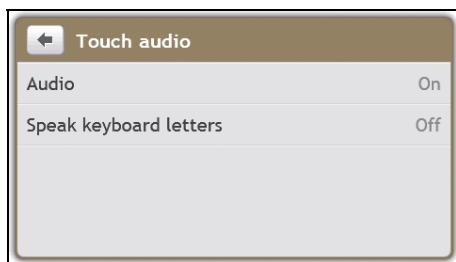

Complete the following:

If you want to ...	Then ...
change the time format	tap <b>Time Format</b> and then select your preferred time format from the <i>Units</i> screen.
change the distance units	tap <b>Distance Units</b> and then select your preferred distance unit type from the <i>Units</i> screen.
change the date format	tap <b>Date Format</b> and then select your preferred date format type from the <i>Units</i> screen.

- Your preferences are automatically saved.

## Touch audio

The touch audio option allows you to hear a tone when you tap the touch screen.

Complete the following:

If you want to ...	Then ...
enable touch audio	tap <b>Audio</b> option to turn it <b>ON</b> .
speak keyboard letter	tap <b>Speak keyboard letters</b> option to turn it <b>ON</b> .

- Your preferences are automatically saved.

## Audio output

This feature is not available on all models.

Audio output allows you to change the audio output of your Navman.

Complete the following:

If you want to...	Then...
receive audio output through your Navman	select the <b>Internal Speaker</b> option.
receive audio output through the FM radio in your car	select <b>FM transmitter</b> and then select your FM frequency. For more information, see "How do I receive audio through my vehicle speakers?" on page 70.

- Your preferences are automatically saved.

## List scrolling

Complete the following:

If you want to ...	Then ...
disable the gliding interface and use arrows to navigate on a screen	tap <b>List scrolling</b> option to turn it <b>Off</b> .
enable the gliding interface	tap <b>List scrolling</b> option to turn it <b>On</b> .

- Your preferences are automatically saved.

## Delete saved information

Complete the following:

If you want to ...	Then ...
delete My Places	tap <b>Delete My Places</b> .
delete recent locations	tap <b>Delete Recent Locations</b> .
clear all settings; for example, for use in a rental car	complete all of the above.

- When the warning dialog box displays, tap **Yes**.

## Reset GPS

Occasionally, the GPS fix may need to be reset. This may occur if the receiver has been transported a long distance since last being used; for example, to a different country, and is still trying to establish the previous position.

Complete the following:

If you want to ...	Then ...
reset the GPS	<ul style="list-style-type: none"><li>tap <b>Reset GPS</b>.</li><li>When the warning dialog box displays, tap <b>Yes</b>.</li></ul>

## Restore factory defaults

The restore factory defaults option allows you to restore default factory settings.

Complete the following:

If you want to ...	Then ...
restore factory default settings	tap <b>Restore Factory Defaults</b> .  The <b>Restore Factory Defaults</b> option does not delete recent locations or saved My Places destinations.
clear all settings; for example, for use in a rental car	complete all of the above.

- Your preferences are automatically saved.

## Shop demo

Complete the following:

If you want to ...	Then ...
enable a shop demonstration of Navman Map to be played	tap <b>Shop Demo</b> . After a short delay, a route will be demonstrated.

## Screen saver

Complete the following:

If you want to ...	Then ...
enable the screen saver feature on your Navman	tap <b>Screen saver</b> . When your <b>Navman</b> is idle for more than 10 minutes, the screen saver will display.  The screen saver will only display if your Navman is connected to a power supply.

- Your preferences are automatically saved.

## About

Tap **About** to display copyright and trademark information.

# Traffic and other Events

Each event is sorted in to one of nine categories. When an Event is received, one of the following icons will display:

Event	Avoided Event	Message Type	Event Description
		Danger	There is a dangerous situation on the route; for example, people are on the road.
		Traffic	Any event that will cause a delay on a route.
		Weather	Weather conditions are adversely affecting a route; for example, there is ice on the road.
		Warnings	There is a situation of which you should be aware on the route, but it is not serious enough to be considered a dangerous situation; for example, a minor accident has taken place.
		Forecast	An event is expected to occur on a route.
		Restrictions	There is a restricted flow of traffic on a route; for example, a lane has been closed on a motorway.
		Clearance	A traffic event that has now been cleared.
		Information	All other events.
		Roadworks	Roadworks are taking place on a route.

If a *Traffic* or *Clearance* event has a recommended detour, the following icons will display:

Event	Avoided Event	Message Type	Event Description
		Traffic Detour	A Traffic Event, for which a detour is recommended.
		Clearance Re-route	A Clearance Event, for which a re-route is recommended.

 Avoided Event icons will only display on the *Map* screen, at the event location.

## Speed Limit

Navman products are designed to be used as an aid to safer driving. Navman does not condone speeding or any other failure to comply with your local traffic laws. It is your responsibility to drive within the posted speed limit at all times and to drive in a careful manner. Navman accepts NO liability whatsoever for you receiving any speeding fines or points on your license through using this device. Navman does not guarantee the accuracy of the data contained within this database either expressed or implied. In the event you receive a fine or any other penalty for speeding or contravention of any traffic law, or are involved in an accident, Navman is not responsible for any damages of any type. In some countries the data information regarding speed limits may conflict with local law and/or regulations. It is your responsibility to make sure that your use of the data is in compliance with local laws and/or regulations. Usage is at your own risk.

## Safety Camera POIs

Navman products are designed to be used as an aid to safer driving. You can receive messages to alert you to locations of safety cameras, which will enable you to monitor your speed through these areas. Navman does not warrant that all types and locations of safety camera data are available, as cameras may be removed, relocated or new cameras installed. Navman does not condone speeding or any other failure to comply with your local traffic laws. It is your responsibility to drive within the posted speed limit at all times and to drive in a careful manner. Navman accepts NO liability whatsoever for you receiving any speeding fines or points on your license through using this device. Navman does not guarantee the accuracy of the data contained within this database either expressed or implied. In the event you receive a fine or any other penalty for speeding or contravention of any traffic law, or are involved in an accident, Navman is not responsible for any damages of any type. In some countries the data information regarding safety or speed cameras may conflict with local law and/or regulations. It is your responsibility to make sure that your use of the data is in compliance with local laws and/or regulations. Usage is at your own risk.<sup>2</sup>

## FM Transmitter

Products with FM Transmitter feature may be operated in the following countries: Andorra, Australia, Austria, Belgium, Bulgaria, Canada, Czech Republic, Denmark, Estonia, Finland, Germany, Ireland, Iceland, Italy, Liechtenstein, Lithuania, Luxembourg, Latvia, Malta, Mexico, Monaco, the Netherlands, New Zealand, Norway, Poland, Portugal, Romania, San Marino, Slovenia, Slovakia, Spain, South Africa, Sweden, Switzerland, United Kingdom, United States of America and Vatican City. The FM Transmitter is not allowed to be used by law in France, Cyprus, France, Greece and Hungary. Please turn off the function in those areas<sup>3</sup>.

## Disclaimer

Navman operates a policy of ongoing development. Navman reserves the right to make changes and improvements to any of the products described in this document without prior notice. Navman does not warrant that this document is error-free. The screenshots and other presentations shown in this manual may differ from the actual screens and presentations generated by the actual product. All such differences are minor and the actual product will deliver the described functionality as presented in this User Manual in all material respects.

---

<sup>2</sup> Installing speed camera locations may constitute a regulatory offence in some European countries (in particular, Germany, Austria and Switzerland) and its use in road traffic may be prohibited. Please familiarize yourself with the legal situation and consequences of installing speed camera locations in the country(ies) where you intend to use our device. Navman assumes NO liability in this regard.

<sup>3</sup> Note that the legislation is currently under review in Greece and Hungary. Therefore the status is expected to change in those countries in the near future.

# Compliance

**WARNING** This product, its packaging and its components contain chemicals known to the State of California to cause cancer, birth defects or reproductive harm. This Notice is being provided in accordance with California's Proposition 65.

For regulatory identification purposes, MY-30 Series is assigned a model number of N223, My-50 Series is assigned a model number of N224 and MY-500 Series is assigned a model number of N229.

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

**Marking labels located on the exterior of your Navman indicate the regulations that your model complies with. Please check the marking labels on your Navman and refer to the corresponding statements in this chapter. Some notices apply to specific models only.**

The user needs to switch off the Navman when exposed to areas with potentially explosive atmospheres such as petrol stations, chemical storage depots and blasting operations.
