

Product Specifications

AVS 3010 +

The AVS 3010 Plus is a comprehensive alarm system with lots of features at an entry-level price.

The AVS 3010 range provides reliable, easy-to-use car security and functionality at entry-level prices. The AVS 3010+ car alarm tops the range with the additional security of a dual stage shock sensor and battery back-up siren. Plus it has waterproof remotes.

Features:

- Two normally open immobilisers
- Dual tone battery back up siren
- Dual stage adjustable shock sensor - This dual stage shock sensor will give a warning on a light impact and a full alarm on a heavy impact to the body of the vehicle. The sensor is also adjustable.
- 2 x water proof remotes - Easy to use, compact rolling code waterproof remotes.
- Door, boot and bonnet protection
- The original hyper blue LED status light
- User selectable PIN code for emergency disarm
- Three year warranty - If installed by a 5 star car alarms authorised dealer (Service call out charges may apply)

A range of AVS standard features provided with your alarm

- Central locking from the remote*
- Door/bonnet/boot ajar warning
- Alarm activation warning
- Remote panic
- Boot release from the remote*

Design and specifications subject to change without notice.
Note: All products come with full Manufacturers Warranty.
